

RESOLUX

RESILIENT BY NATURE. CRAFTED BY HAND.

Beautiful, handcrafted resin furniture
designed to inspire, built to last.

RESOLUX

OUR STORY

THE HEART OF RESOLUX

Resolux Ltd was born from an unexpected challenge and a deep love for creativity and craftsmanship.

When the maker we hired to build our dream resin river table suddenly stepped away, we found ourselves with materials, determination, and a dream. We decided to take matters into our own hands. That first table became not only a treasured centerpiece in our home, but also a symbol of something far greater.

Months later, a devastating flood forced us to leave our home. Walls were stripped, the air buzzed with dehumidifiers but through it all, that table remained strong. It stood untouched, unbowed; a quiet testament to the power of love, craftsmanship, and resilience.

That table became the spark for Resolux.

OUR CRAFT

At Resolux, we specialise in creating unique resin furniture that blends natural materials, artistic flair, and functional design. Every piece is handcrafted in the UK using only premium materials: wood, resin, and a touch of soul.

Our furniture isn't just made, it's poured, shaped, polished, and loved into being.

From elegant dining tables to bespoke side pieces, each item is one of a kind, infused with personality and precision. Whether you're furnishing a modern loft or a cozy countryside home, Resolux furniture brings character, warmth, and artistry into your space.

3.

Resin Meets Nature

We combine stunning resin work with natural wood grain, creating breathtaking visual contrasts.

One of a Kind Designs

No two pieces are alike. Each is a work of art, tailored to your space and story.

Built to Endure

Just like our original table, every piece is made to last; through time, trends, and even life's unexpected challenges.

FAQs

1.

What types of furniture do you make?

We specialise in handcrafted resin furniture for living rooms, dining rooms, and corporate spaces, including tables, desks, and custom pieces designed to suit your style and needs.

2.

Can I customise the design?

Absolutely! We work closely with you during the design process to select wood types, resin colours, and finishes, ensuring each piece is uniquely tailored to your vision.

3.

How long does it take to create a bespoke piece?

The process typically takes around 4-8 weeks from initial design to delivery, depending on the complexity and size of the piece.

FAQs

4.

Do you deliver outside the UK?

Currently, we primarily serve clients within the UK. Please contact us for specific inquiries about international shipping.

5.

What materials do you use?

We use high-quality, Eco-friendly resin available in customisable colours, paired with premium woods like walnut, oak, and others. All finishes include protective coatings for durability.

6.

How do I care for my resin furniture?

To keep your furniture looking its best, clean with a soft, damp cloth and avoid harsh chemicals. We provide detailed care instructions with each piece.

FAQs

7.

What is your process for creating custom furniture?

Our process includes Design (personalizing wood, resin colour, and finish options), Production (handcrafting your piece with attention to detail), and Delivery & Installation (personally delivering and installing at your location).

8.

Do you offer any warranties or guarantees?

We stand by the quality of our craftsmanship. Each piece comes with a warranty that covers manufacturing defects; specific terms can be discussed during your order.

9.

How can I start my custom furniture project with Resolux?

Simply contact us through our website or email and we'll guide you through the initial consultation and planning process.
