- Start to finish project management
- Dedicated account manager
- Bespoke pricing structure

Commercial Clients

Leather & Fabric Re-upholstery & Restoration

Our aim is to keep the furniture on-site and minimize disruption.

We repair nearly all aspects of leather & fabric upholstery, and where possible endeavour to do so on the first visit. For damaged or worn sections of banquette seating and furniture we can either cosmetically repair vinyl and leather or re-upholster in a matching fabric.

We offer re-upholstery replacement of individual sections of banquette or booth seating matched to original fabric, vinyl or leather.

Leather matching

Sourcing of matching fabric, vinyl and leather

Bespoke design and manufacturing of banquette and booth seating

Cosmetic repairs to upholstery: rips, tears, scuffs

Seat foam and spring replacement

Deep cleaning and protection of seating

Removal of excessive creasing or sagging

Dining Chairs & Bar Stools

Re-upholstery & restoration of dining chairs & bar stools.

Our technicians offer quick and cost-effective repairs and re-covering services for dining chairs and bar stools.

We restore the furniture to its original appearance - rectifying damage accumulated over time through wear and tear, or damage deliberately inflicted by customers.

We provide a re-covering service to facilitate a cosmetic change such as a new colour scheme for furniture as part of a wider restaurant refurbishment.

Seat re-upholstery

On-site upholstery repairs and re-covering

Scuff and small tear restoration

Complete colour change service

Seat pad replacement

Chair and seat back replacement

Re-upholstery of seat pads & backs

Scuff and small tear restoration

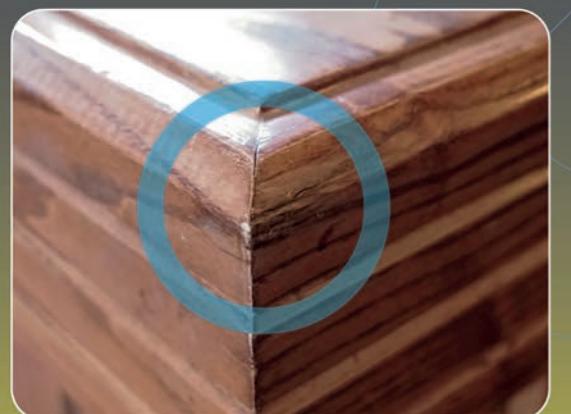

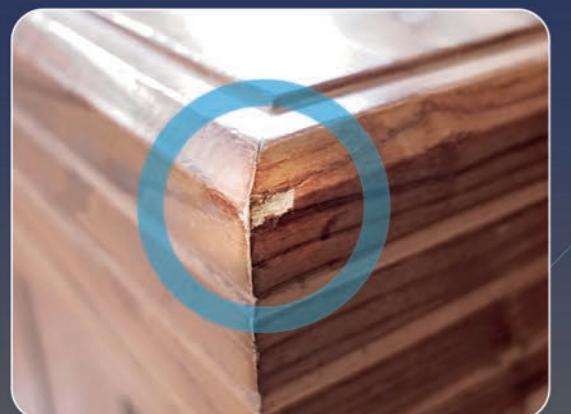

Wood Restoration

On-site repair & restoration of all types of surface & structural damage.

From scratches to discolouration, the surfaces of wooden furniture are vulnerable to all kinds of damage.

If wooden furniture is in need of repair or restoration, our technicians restore nearly all types of cosmetic damage and manufacturing faults, on-site, with minimal disruption to service.

Chip repair of table corner

Restoration of all wooden items:
bars, tables, chairs etc.

Restoration of natural finish
& painted wood

Cosmetic restoration of dents,
scratches & chips

Complete re-finishing of wooden
bars, tables & floors

Repair & refinishing of splits & cracks

Replacement handrails, legs
& structural elements

Factory Workshop

Our 8,000 sq ft workshop is dedicated to complete or partial furniture repairs, full restoration and parts storage & distribution.

Our extensive workshop, storage and distribution centre provides us with an additional opportunity to take away furniture for repair and restoration that cannot be completed on-site.

Bespoke Manufacturing

Our dedicated workshop manufactures seating using commercial grade hardwood for the frames and upholster using high quality fabrics from leading suppliers.

Large restaurant refurbishment

Manufacturing of bespoke banquette seating

Design and manufacture of bars
