TOTAL WALL INSPIRATION

WHAT WE DO

Elevate your interiors and exteriors with our ALUXO® premium wall panelling, where contemporary design meets practical elegance. From living rooms and bedrooms to home offices and feature façades, our panels bring depth, texture, and character to every space.

Crafted from premium wood veneer, eco-conscious composites, and WPC (Wood Plastic Composite), our collection combines modern aesthetics with lasting durability.

Premium Acoustic Slatted Wall Panels

WOOD VENEER 240cm STANDARD SLAT

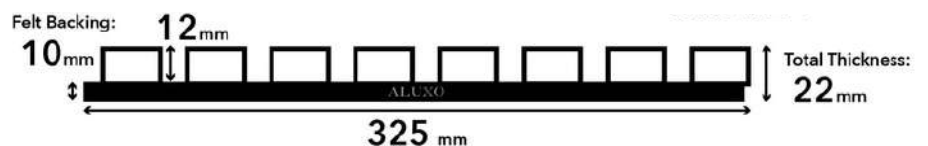

BLACK OAK

Elevate your space with ALUXO's 2.4m vertical slatted panels, designed for modern elegance and acoustic comfort.

Crafted from premium materials and 10–20% thicker than standard 18–20mm panels, offering superior durability. Our premium acoustic panels are wrapped along 3 sides with a wood veneer, adding to the luxury feel.

Ideal for both domestic and commercial use.

LUXE FINISH 240cm SLAT

Available in metallic and marble-inspired finishes, each panel is crafted to showcase exceptional detail and texture. The metallic range introduces a sleek, contemporary shimmer that catches the light beautifully, while the marble series offers timeless sophistication through natural tones and elegant veining.

Premium Acoustic Slatted Wall Panels

COLOURED 240cm SLAT

BLUE

Make a statement you can see and feel. Our coloured panels combine bold, modern lines with sound-absorbing performance, adding vibrant style, comfort, and calm to any interior.

Finished in a durable coloured surface (not wood veneer), they deliver a sleek, consistent look that elevates contemporary spaces. Behind the slats, premium acoustic felt reduces echo and softens noise, creating a quieter, more welcoming atmosphere.

Premium Acoustic Slatted Wall Panels

COLOURED 240cm WIDE SLAT

Style meets serenity with these wide slat acoustic panels, designed to make a bold visual statement while improving the sound quality of your space. The broader slats create a strong, contemporary look that adds depth and character to any interior.

Finished in a durable, coloured surface rather than wood veneer, these panels deliver a clean, consistent appearance that complements modern design schemes. Behind the wide slats, a layer of high-performance acoustic felt effectively absorbs sound, reducing echo and creating a calmer, more comfortable environment.

Each panel effortlessly interlocks for a seamless appearance, with the option to complete the look with our matching edge trims.

Crafted from premium Wood Plastic Composite (WPC), these panels are durable, moisture-resistant and low-maintenance, making them ideal for both residential and commercial interiors.

EXTERIOR COMPOSITE CLADDING

Our Premium Exterior Composite Cladding is designed for lasting style and performance. Crafted from high-quality, weather-resistant composite materials, these panels combine the natural appearance of timber with the durability and low maintenance of modern composites — making them ideal for both residential and commercial applications.

Whether you're updating a fence wall, patio backdrop or creating a feature façade, these panels offer a natural-looking, low-maintenance alternative to timber – UV-resistant, fully waterproof, and weather-tough.

WHY CHOOSE ALUXO?

At Aluxo, we make wall transformation simple.

With a fully stocked UK warehouse and nationwide rapid delivery, your design vision can become reality in days—not weeks. Every panel is crafted to deliver both style and performance, combining modern finishes with practical acoustic benefits.

Fast, Reliable UK Delivery

All Aluxo products are stocked locally for 3–5 day nationwide delivery. Need it sooner? Many lines are available for same-day trade collection directly from our UK warehouse.

Premium Materials & Finishes

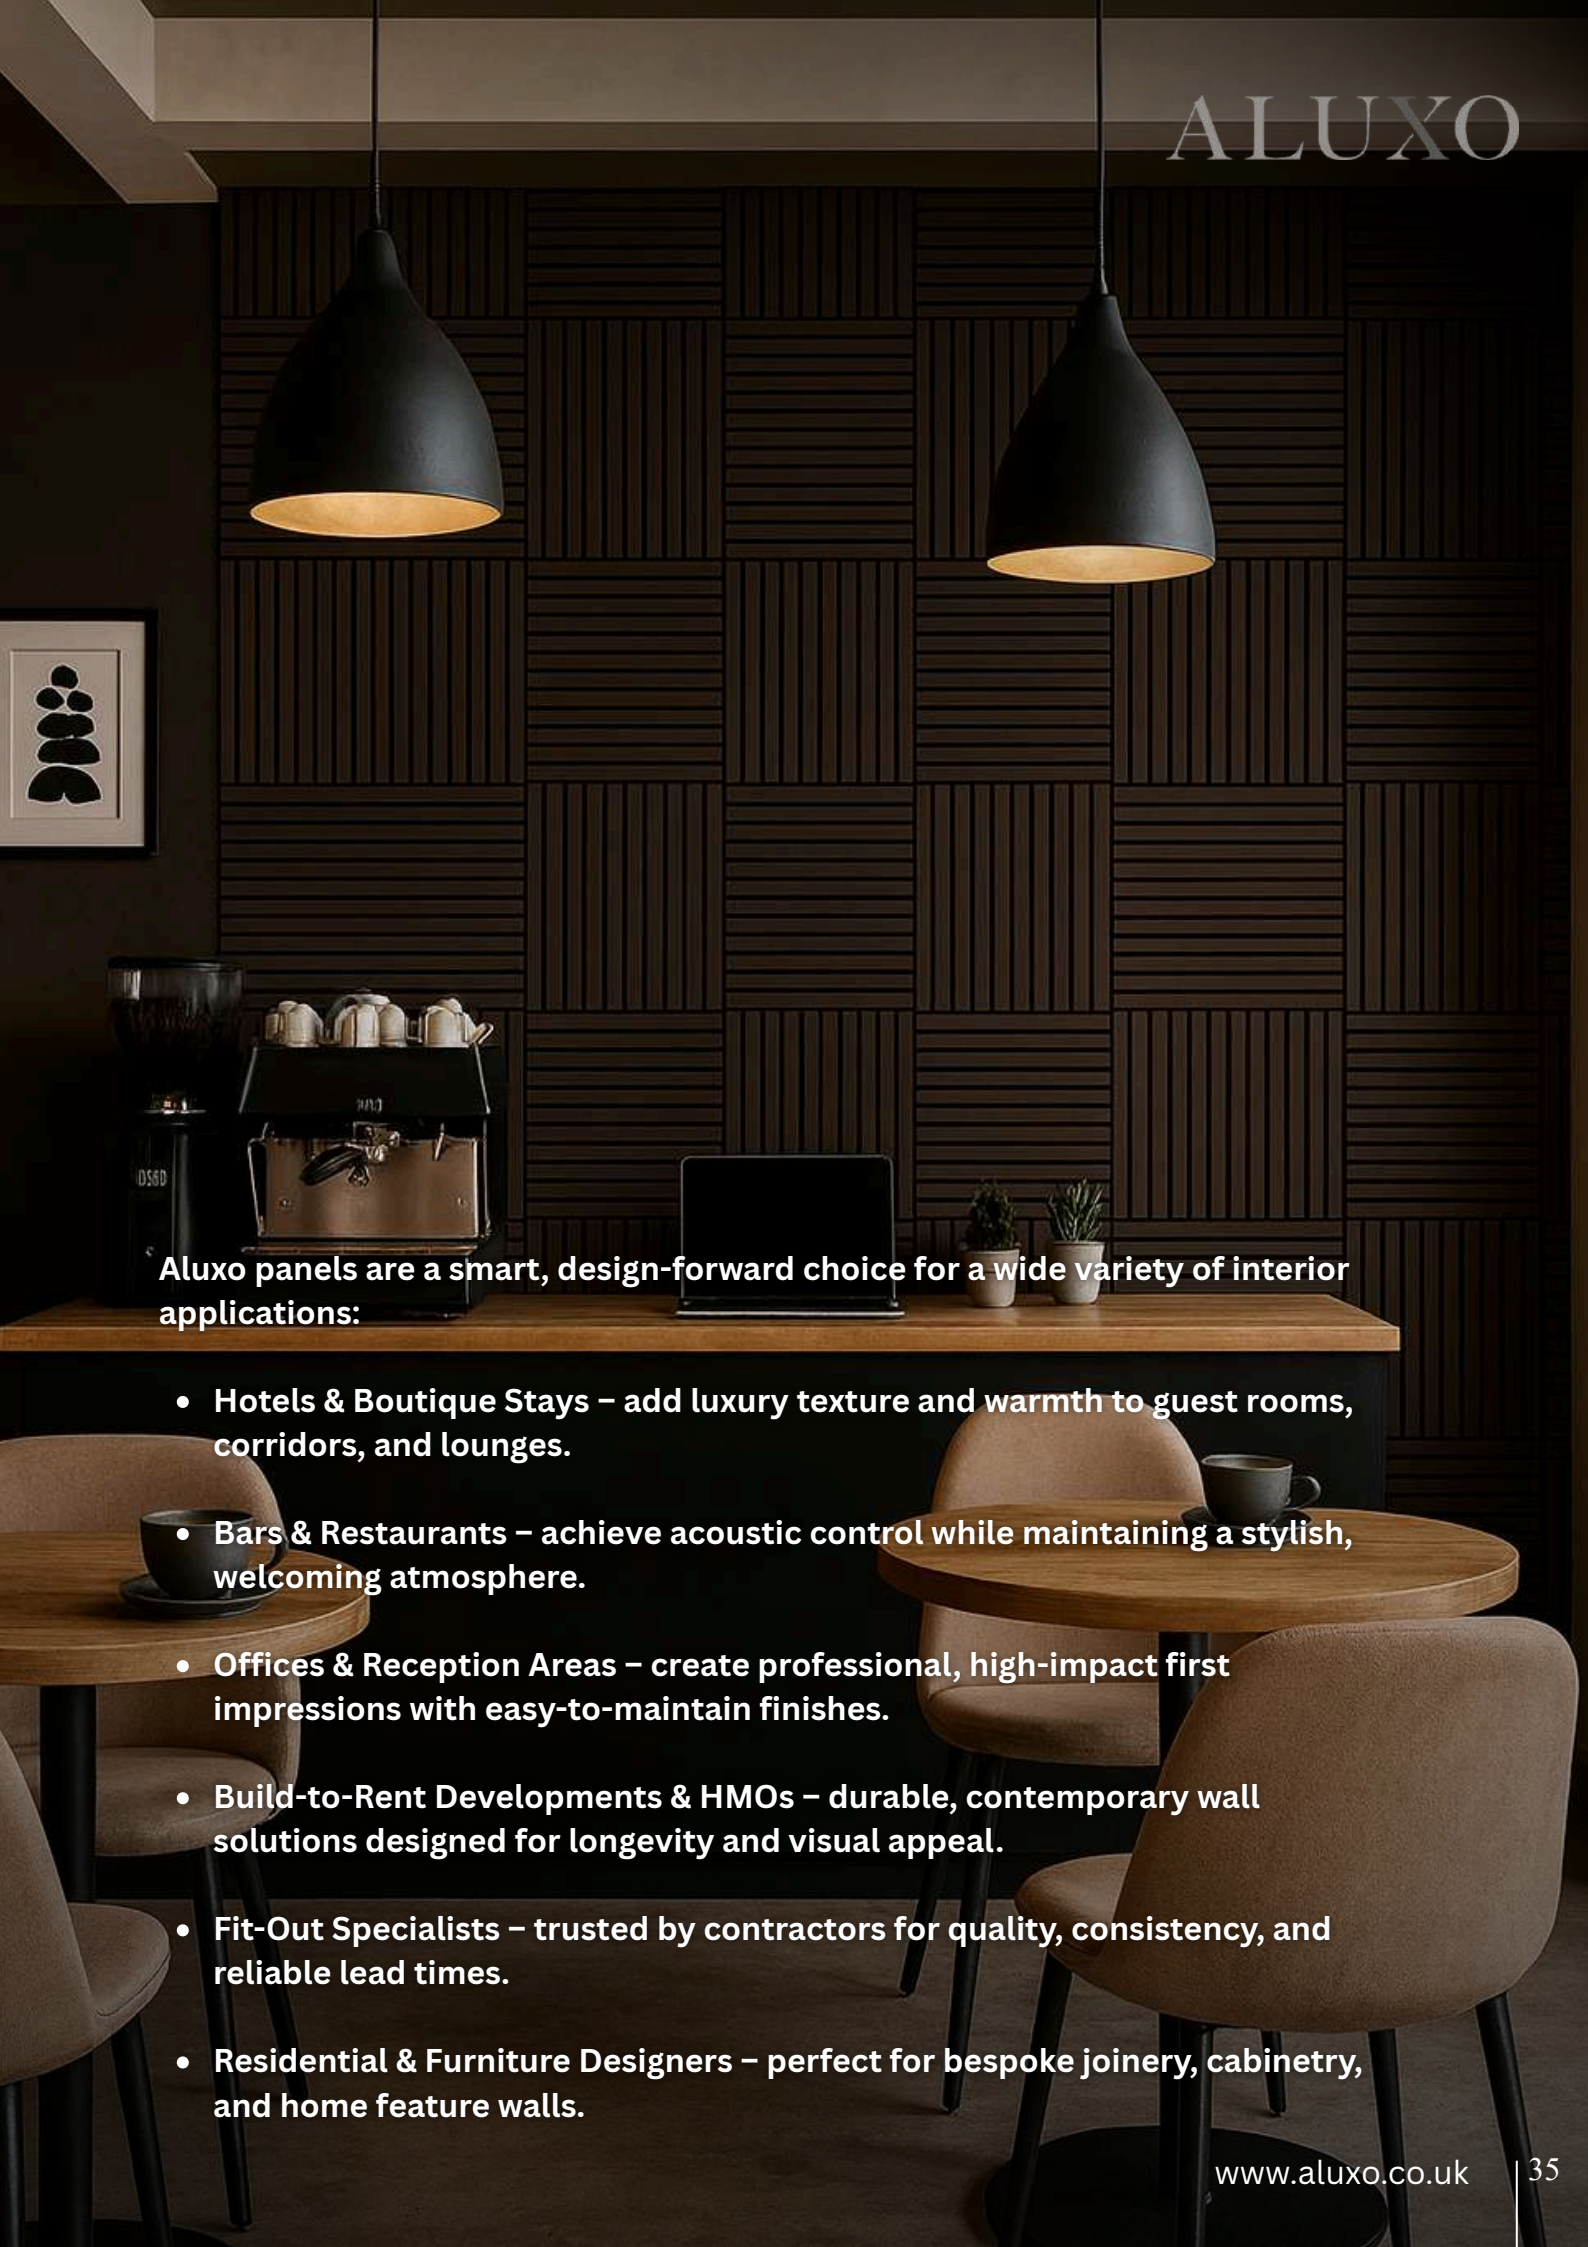

From real-wood veneers to high-density acoustic felt and durable WPC panels, each Aluxo design combines natural beauty with long-lasting strength.

Effortless Installation

Panels are engineered for DIY-friendly fitting, offering quick wall transformation with minimal tools—perfect for both homeowners and trade professionals.

Acoustic Comfort

Our slatted acoustic range reduces ambient noise by up to 25%, creating calm, stylish interiors ideal for living spaces, offices, and hospitality venues.

Aluxo panels are a smart, design-forward choice for a wide variety of interior applications:

- **Hotels & Boutique Stays** – add luxury texture and warmth to guest rooms, corridors, and lounges.
- **Bars & Restaurants** – achieve acoustic control while maintaining a stylish, welcoming atmosphere.
- **Offices & Reception Areas** – create professional, high-impact first impressions with easy-to-maintain finishes.
- **Build-to-Rent Developments & HMOs** – durable, contemporary wall solutions designed for longevity and visual appeal.
- **Fit-Out Specialists** – trusted by contractors for quality, consistency, and reliable lead times.
- **Residential & Furniture Designers** – perfect for bespoke joinery, cabinetry, and home feature walls.
