AUTHENTIC, SUSTAINABLE DANISH DESIGN

NEST  
SPACE

NEST Space was founded by Danish entrepreneur Simon Lichtenberg.

Simon moved to Shanghai in 1993 and was the first to bring Nordic design furniture to the region.

Simon has had an essential impact on Chinese furniture design, and has continued to lead and innovate in design, modernisation, digitalisation and sustainable manufacturing within the Chinese furniture industry.

As a result, Nest Space is one of the most efficient and sustainable manufacturers of furniture in the world.
