NEW DESIGNS AND TOP SELLERS

WHO ARE WE ANYWAY?

At Poet and Painter we create hand-illustrated, bodaciously beautiful greetings cards.

Our designs are brimming with warmth and wit, though we do say so ourselves. Self-belief is everything these days.

We have sold around 2,000,000 cards world-wide, with artwork designed in-house and printed to order in the UK.

We hope you love our 2023 Collection. This is just a glimpse of what's new, plus there are 100's more designs and top sellers to see on our website. We have an 80% re-order rate, and we cover all the occasions too, so there's absolutely no good reason not to make a big fat order.

Rest assured, cards are printed on FSC stock and packaging is fully biodegradable.

Hop on board, we're not as stupid as we look.

Christmas is our favourite season, and our festive collection flourishes year on year.

Our Pop-up! bauble cards continue to sell like hot mince pies, and every year we add more designs to our doozie collection of singles and multi-packs. Just like the obligatory Christmas Choccie selection box, there's something for everyone.

The background of the entire page is a repeating pattern of watercolor-style rainbows. Each rainbow is composed of several distinct bands of color: red, orange, yellow, green, blue, and purple. The rainbows are painted with a soft, textured effect, giving them a hand-drawn appearance. They are arranged in a grid-like pattern across the page.
