A love for linen

Blästa Henriët is a London based wellbeing brand with roots in Sweden.

Natural remedies, traditional craftsmanship and a passion for linen is our foundation.

We work with European linen and Cotswold wheat to create self-care products that provide relaxation, natural pain relief and everyday comfort.

Our products are made in the UK using traditional and sustainable methods.

They are designed to be durable, multipurpose and timeless.

A handwritten signature in black ink, appearing to read 'Lo Blästa', with a stylized, cursive script.

London TW9 4LN

Our fabric is sourced directly from the mill in Europe. Every other part that goes into making our products is done in the UK.

This includes details such as the stitching, label making, our recycled product packaging and fabric printing.

All our deliveries are plastic free.

This catalogue is printed on recycled paper.
