MAKE INTERNATIONAL

Bringing designer tableware & gifts to your home.

The creative force behind **MAKE** International

Keith Brymer Jones is a master ceramicist and design expert who has over three decades of knowledge and experience under his belt. He is the designer behind his award-winning Keith Brymer Jones Word Range and also works collaboratively with every other brand under the MAKE International umbrella.

After an early career devoted to ceramics, Keith created pots and different shapes for a string of large retailers including Laura Ashley, Heals, Monsoon, Habitat and Conran. In 2008, he met his business partner, Dominic Speelman and subsequently joined MAKE International as Director and Head of Design. They set up a studio in a converted bakery based in Whitstable along the Kent coastline. Keith designs every single item on his potter's wheel before he takes the prototypes to China to work with his colleagues at the factories. Keith visits the factories at least twice a year to meet with his quality control team on the factory floor to ensure the highest standard of quality is maintained. Every item in the Word Range is hand-debossed and checked by the quality control team at least three times. As MAKE International grew, Keith expanded his Word Range and began collaborating with

other designers, illustrators and creators to bring inspiring ceramic products to those who love design.

Keith's Word Range has produced over 500 products and it is sold in over forty countries with a large and loyal following. To this day, the Word Range follows Keith's design philosophy: 'to create simple yet stylish products which are pleasing to the eye, practical in the modern home and, above all, make people happy!'

Keith is a passionate advocate for art, craft and design education. He believes that everyone should have the opportunity to make and create. He has been appointed patron for The National Society for Education in Art and Design. He has also been part of a panel of experts with the task set by

the Department of Education to create and develop a new 'T-level' qualification for schools and colleges throughout the U.K. This brand new qualification will be rolled out in 2022 to re-invigorate the importance of craft led subjects within our education system. He can often be seen extolling the virtues of creativity to students of all ages at various schools, colleges and events.

In 2015, he debuted as the expert judge on the TV show 'The Great Pottery Throw Down', where his readiness to shed tears at seeing the contestants' work attracted many comments in the media. The fourth series of the show recently finished airing in the U.K. to unanimous praise and with many of his fans across the Atlantic given the opportunity to watch the series, Keith's passion for pottery will soon be felt all around the world!
