

OUR STORY

Founded by James Cadbury, the great-great-great grandson of John Cadbury, we create exceptional chocolate in an exceptional way. We drive positive change, we craft ethically, and we only use the world's finest cacao.

CHOCOLATE FOR CHANGE

The mainstream chocolate industry is far from delicious: it's dominated by unfair farming, shrinking rainforests, compromised ingredients and unimaginative flavours. So, we're paving the way for change by planting trees, protecting nature, avoiding plastic and pledging 1% of our annual sales to reforestation projects. Our luxury, single-origin cocoa is sourced carefully from growers who farm fairly, creating chocolate that is both indulgent and genuine. This is a new era of British chocolate from one of the oldest names in the game.

Are you ready to feel the love for Love Cocoa's brand new look?

We are thrilled to announce Love Cocoa's rebrand and its accompanying new product range!

At Love Cocoa, we happily embrace change: our core mission is to drive positive change within the chocolate industry, always aligning our practices with modern standards of sustainability and ethics, so we've given ourselves a contemporary new look that reflects our position as The Modern Chocolatier.

We've embraced a brighter, bolder colour palette alongside gold foiling, resulting in an eye-catching shelf presence. Our commitment to responsibly producing delicious, high-quality chocolate remains, and our new designs are reflective of the luxury chocolate that lies within.
