# About

"At Doiy, we design absolutely everything from initial impulse to final product. Even a fleeting idea can become a really nice object. The creation of each piece is an amazing adventure."

We design objects for the home and kitchen that are unconventional, unique, creative, thoughtful and emotional. Every piece has a story. Whether they surprise, cheer up, send good vibes, make you laugh... they always provoke a pleasurable emotion.

Making a gift is something special; It's an intimate moment between people, where they express the best of their relationship and share love. It's a real honor for us to be part of this moment and make it even more beautiful and emotional thanks to our creations.

We offer a fresh approach to design, informed by youth culture, nostalgia and fashion. We love to distort reality and give a different look to the things around us. We run away from the standards and the basics. We break the rules and look for beauty in the unexpected.

Founded in 2008 in Barcelona,  
Doiy is a design driven global brand  
that crafts unique homewares that make a  
statement and tell a story.
