About

Who would have thought that the mundane act of grocery shopping would spark the popular grocery store fad movement? Follow EAT MY SOCKS' food shopping this season!

At EAT MY SOCKS we design unique socks shaped as unexpected objects. From our food collection, which includes a wide range of models such as cheeseburger, sushi and pancake socks, to our trend line including fun forms like animals, flowers and other trendy icons, EAT MY SOCKS offers a large collection of creative, edgy and playful socks, all of which guarantee 100% surprise and are a perfect wow-factor gift!

EAT MY SOCKS has a mission to be gender-neutral and inclusive within the fashion industry. All our models are unisex and one size fits all!

Our socks require transparent packaging to display our amazing shapes and trigger a wow effect to the receiver of your gift! However, we didn't want transparency to mean a loss of consciousness for our planet. That's why all the plastic we use at EAT MY SOCKS is 100% recycled and recyclable. In addition, the film lamination that protects all our cartons is made of wood pulp, a biodegradable natural substance that helps you fully recycle your packaging.
