SUSTAINABLE UMBRELLAS BY DOPPLER

Manufacturing products with respect for people and nature is part of the Doppler DNA. Taking responsibility for our environment is not just an option, it is a must. With the Nature Collection we want to create a synergy between functionality and sustainability. That is the reason why we use renewable raw materials and recycled materials to actively contribute to more sustainability.

DOPPLER NATURE COLLECTION:

- Umbrella canopy made from recycled PET
- PFC-free impregnation
- Use of FSC certified wood (on the pocket umbrellas)

YOUR ADVANTAGES:

- Additional turnover with little space requirement
- The impulse buys in rainy weather
- Appealing display solutions for your point of sale
