PUNK PEARLS

PUNK PEARLS

Beauty and defiance become the two elements that cast the story for our Punk Pearls collection. A juxtaposition between soft and anarchic, sleek and edgy, radiant and rebellious.

This capsule collection finds its roots in the 70's and 80's punk movement against consumerism and conformism and the desire to be different. We have simply elevated this cult iconic symbology of studs, safety pins and barbed wire with lustrous and alluring pearls to make this collection one that has both beauty and edge.

We only use AA+ and AAA quality pearls
