Happy Birthday.
don't get too battered!

Hello!

Katie began illustrating in 2020 during the first lockdown, she quickly discovered that illustrating food would bring smiles to friend's faces as we often find that food brings back nostalgic memories.

Katie's greeting cards combine beautifully detailed food themed illustrations with a love for puns and humour, to create a unique range of witty and colourful designs guaranteed to deliver a smile. Katie's designs are light-hearted and often cheeky, and with over 100 to choose from, there is something for everyone for any occasion.
