The Forest Stewardship Council™ (FSC™) is a global, not-for-profit organization dedicated to the promotion of responsible forest management worldwide. FSC™ defines standards based on agreed principles for responsible forest stewardship that are supported by environmental, social, and economic stakeholders. To learn more, visit www.fsc.org. By choosing a FSC™-certified product, you are supporting responsible management of the world's forests.

Many of Villa Collection Denmark's products in this catalogue are made from FSC™-certified wood as well as FSC™-certified paper and other controlled material. You can easily find them by looking for the small FSC™ label by the product.

Look for our
FSC™-certified products.

Villa Collection Denmark relaunches its scented candle collection featuring mild and pleasant fragrances

All our candles are now made in Europe, which makes perfect sense as we use natural, biodegradable European rapeseed wax, the lovely unique ceramics with reactive glaze finish are handmade in Portugal, and the jars for the scented candles in crystallized stearin originate from Italy. We look forward to sharing all our exciting new products with you.

60–80% of the energy used in the production of the new scented candles is sourced from wind turbine and/or solar thermal energy. All wicks are made from OEKO-TEX® standard 100-certified cotton, and the new 100% stearin crown and pillar candles bear the Nordic Swan Ecolabel. The Nordic Swan Ecolabel guarantees to consumers that the product meets strict environmental requirements, that human health is safeguarded and high quality is assured.
