

ROELOFS & RUBENS

UNIQUE CERAMICS

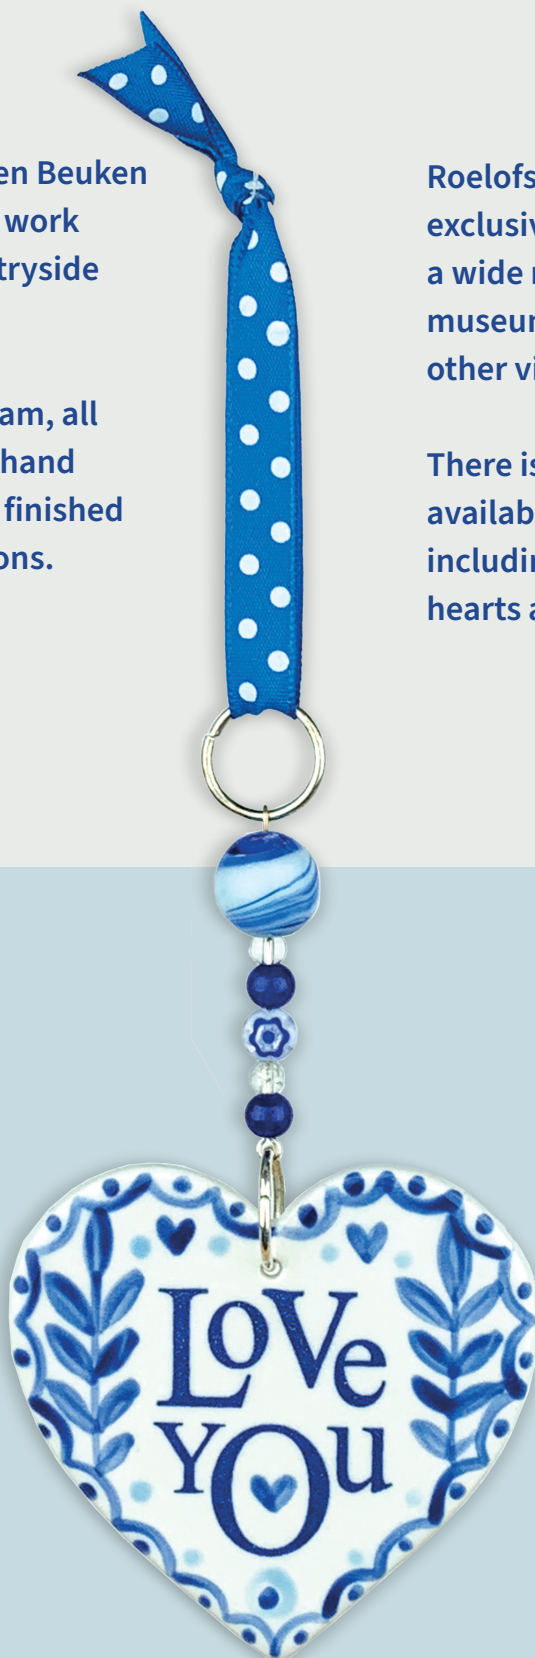

Dutch designer Piet van den Beuken and partner Monty Abram work from their Berkshire countryside cottage studio.

With the help of a small team, all decorations are hand cut, hand decorated and beautifully finished with glass beads and ribbons.

Roelofs & Rubens specialises in exclusive decorations and supplies a wide range of decorations to museums, cathedrals, castles and other visitor attractions.

There is also a large selection available of seasonal ranges including animals, flowers, hearts and Christmas.
