ourstory.

Welcome to the Scream Team

Here at Scream Pretty, our mission is simple; to empower individuals through bold and affordable jewellery that celebrates style and self expression!

Founded in London by sisters Lucy Lee and Jessica Pearce, the design duo have created collections of recycled 925 silver- and gold-plated recycled sterling silver designed to wear individually or to stack and layer to elevate your unique style.

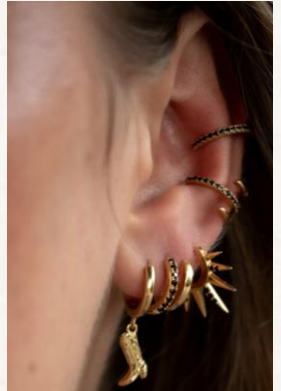

Scream Pretty's treasure trove is filled with signature huggie hoops, chic piercing free ear cuffs and threader earrings to mismatched 'ear party' sets, anklets, chokers, pendants and rings designed for layering.

Our designs are consciously and lovingly crafted to be long lasting and hypoallergenic. Through our commitment to ethical practices, we aim to contribute to a more sustainable future while adorning the world with stunning quality jewellery.
