2024

## TECHNOLOGY + INNOVATION + INFUSION

*Turn on the water and Spongellé's® body wash infused buffer® becomes the last word in pampering. Maybe it's the rich, one-of-a-kind fragrance or the swirls of thick, creamy suds enveloping you from head to toe. Maybe it's how great Spongellé® feels in the shower and how beautifully fresh, soft and silky your skin feels afterwards. The experience is so intensely pleasurable, it should come with a warning sticker.*

*Spongellé® LLC is a Los Angeles based company specializing in innovative proprietary delivery systems for the personal care & consumer products industry. As inventors of this proprietary delivery system, Spongellé's® founders have replaced your everyday bottle of body wash with a luxurious All In One Body Treatment infused with the finest skincare ingredients.
