

PINN*LE

WELCOME TO OUR COLORFUL WORLD!

At PINNOLE we strive to inspire creativity in individuals, helping them in connecting to their inner child and getting back to playfulness through jewellery.

Founded in London in 2024 by Sicilian artist and architect Simona Costanzo, PINNOLE offers sterling silver 925 and hand-painted enamel jewellery that can change and grow with you everyday.

Customisation is the key word.

Our bracelets, necklaces, and earrings are made unique by the wide variety of beads and charms that can be added or removed so easily.

To complete the collection, PINNOLE rings are made to be stacked, allowing to layer a number of pieces together to curate the most playful perfect look.

The possibilities are endless.

Sustainably crafted with love to last a lifetime, PINNOLE is the colourful, high quality, customisable jewellery you were missing in your store.
