

Rockahula  
KIDS

Autumn / Winter 2024

# Welcome

Welcome to the world of Rockahula Kids accessories and gifts - where playfulness and imagination are at the heart of everything we do!

We are excited to introduce you to our new collections for AW24 – with all your usual favourites plus some new surprises, we hope they will delight you and your customers as much as it has delighted us to create them!

## Nostalgia

Our Nostalgia collection harks back to happy childhood days spent rambling through the hedgerows, and enjoying cosy teatime treats by the fire. With a sweet bramble print adorning headbands and clips, and plenty of countryside friends to keep you company, this story has a timeless and playful charm.

## Wildflower

Giddy up and get ready for the rodeo – our Wildflower collection is all about life on the prairie, from wild ponies to cute cowboy boots, and gorgeous homespun prints in a tawny palette with hearts, wildflowers and of course, plenty of gingham!

## Enchanted

Fall under our magical spell and discover a world of shimmering sequins, prancing unicorns, and enchanted animals. With a palette of midnight blue, glittering gold and rainbow hues, this story will carry you off to faraway lands in your imagination.

This season we have continued with our initiative to include recycled materials wherever possible within our products. You'll notice below each product listing that we have specified which elements are recycled, and we'll also be labelling and tagging our products so that this is clear for your customers. With always more work to do, we continue to increase this every season!

There are even more products available online, so head on over to [www.rockahulatrade.com](http://www.rockahulatrade.com) (UK only) or [www.rockahulatrade.eu.com](http://www.rockahulatrade.eu.com) (EU and Rest of World) to view the full range.

Rockahula Kids also donate 5% of our net profit to children's charities every year – so as part of our family of stockists you are also helping to support the children around the world who need it most. Our key charities continue to be Chance for Childhood and Maternity Worldwide, which both carry out amazing work supporting children and families.
