WHOLESALE CATALOGUE 2024

ABOUT US

We are two sisters, Ana Van Gansen and Ingrid Van Gansen-Rossi, each with over 30 years experience in the jewellery business.

Coming from a Belgian family of jewelers and goldsmiths, we are united in creating new designs in an affordable range that appeals to fashionable women, who appreciate imaginatively designed jewellery of the highest quality, using ethically sourced materials, hand finished in the UK.

We are based in two locations across the UK. Our workshop is based in Manchester and our sales head quarters are based in Surrey.

We're excited to hear from you!
