## **About us**

12 Weston is a Great British Artisanal Parfum house born out of our Founder and Master Perfumers mission to recreate her son, Kendrick Lesane's, aroma when he was birthed in August 2020. Kendrick's scent upon entering this world would be our Fougere Interdite with a touch of Essential Florange. Our Founder had birthed two precious blessings on that faithful day: Kendrick Lesane and 12 Weston London.

## **About our Extrait De Parfum...**

All of this, whilst being vegan, cruelty free and environmentally friendly!

Our compositions are inspired by the rich and diverse Great British culture with a French touch.

After making the Parfum for a batch of 20, We then leave it to macerate for at least 3 months ensuring that depth and complexity is felt in every drop. Once we're happy, we then hand bottle our fragrances by ourselves, ensuring acute attention to detail and consistency of our finished product.
