MEET THE DESIGNER

Hi! I'm Michelle, and I'm a print designer from West Yorkshire, England. I live in the little town of Brighouse with my equally creative husband, our two lovely children (who's nicknames are Bean and Bemble) and our crazy rescue dog and cat we brought to the UK from Qatar. My illustrations and designs are inspired by my love of bright colour, animals, nature, striking products and gorgeous packaging. I love interior design and enjoy creating a beautiful yet practical family home.

As the proud owner of a first class honours degree in printed textiles and surface pattern design, this new venture was founded in 2020 during the COVID-19 lockdowns. It represents the culmination of months of hard work, combined with years of frustration and a strong desire to (finally!) use my degree and years of experience to

create something truly fabulous. My design collections blend intricate hand drawn illustrations with a passion for clean, precise digital graphics to create bright, colourful, uplifting designs, applied to beautiful yet useful household products.

After returning home from 7 years living in the Middle East and previously working for several multi-national companies which involved international travel, I realised how passionate I felt about producing items that are of the highest quality, use the finest materials; and most importantly are lovingly and sustainably made in ONLY British factories. I have always been a firm believer that you really do "get what you pay for". With this in mind, all Bean and Bemble products are intended to be treasured and last a lifetime.

- Michelle x

BRITISH MANUFACTURE AND THE ENVIRONMENT

WE PROUDLY SUPPORT BRITISH MANUFACTURING

We are very proud to say we use UK manufacturers for all our products. We wholeheartedly support UK manufacturing and feel that the finish and quality speaks for itself. We ensure that each and every piece is made ethically, in premium materials, always aiming to minimise our impact on the environment.

"Buy less. Choose well. Make it last" - Vivienne Westwood

WHY BUY BRITISH?

The act of buying British goods is great news for the UK economy. When you buy British, you are investing in skilled craftsmanship that has been handed down through the generations, whilst helping to secure the future for British manufacturers.

When you buy something made in Britain, you are typically buying a skilfully manufactured product that has well and truly been built to last. Although British goods can be more expensive than foreign imports, we feel that British made products have an extra level of quality that you would often struggle to find in products made overseas.

All our manufacturers strive to use materials sourced as close to the UK as they can, aiming to reduce their carbon footprint as much as possible.

"Thank you for shopping small and buying British!"

WHAT'S A CARBON FOOTPRINT?

A carbon footprint is defined as *"The amount of carbon dioxide released into the atmosphere as a result of the activities of a particular individual, organisation, or community"*.

UK manufacturing laws are in line with saving the environment, and goods manufactured on home soil often have a significantly lower carbon footprint than those mass produced in countries abroad such as China and India. Although we might not see much of a difference now, our grandchildren will certainly be glad we all invested in British made goods in the years to come. After all, UK made goods do not need to be transported half way across the world!

HOW TO ORDER

As we expand our brand, we recognise the value of our retailers and thank you for your interest in Bean and Bemble. We aim to develop strong, lasting relationships with our retailers and are dedicated to offering the highest quality products and service. To ensure a good brand match before we start working together, we like to personally acquaint ourselves with each stockist. When you reach out, please provide some essential information: an overview of your business, shop / store location(s), and other brands you collaborate with.

We want to make it as simple as possible for you to place your wholesale orders, so we offer a variety of ways to proceed.

ORDER PROCESSING TIMES

If you choose from our in-stock items, they'll be sent out within 7 working days. For out-of-stock items, it usually takes 6 to 12 weeks. When you place your order, we'll give you an approximate delivery time. We'll work closely with you to make sure the stock gets to you when you need it.

ORDERING IN PERSON

If you come across our products at a trade show and want to buy them, we'll give you an order form. You'll get a pro-forma invoice within 14 days after the trade show ends if items are in stock, or a lead time if they are not.

ORDERING VIA EMAIL OR PHONE

You can also easily place an order by sending us an email or giving us a call. Just let us know the product name or SKU code, and we'll send you a pro-forma invoice within a few days.

At Bean and Bemble, we're here to make ordering hassle-free. We're excited to help you get the products you need in the way that works best for you.

FAIRE

Bean and Bemble partner with Faire, the online wholesale marketplace. Try our products risk-free with free returns on your first order. If you're eligible, you can also use 60-day payment terms to buy now, and pay 60 days later. We won't be charged commission on any of your orders if you use our Faire Direct link below and email us to let you know you're ordering this way:

TERMS AND CONDITIONS

Orders with Bean and Bemble: To qualify for wholesale purchases, you must be a valid retail business, and by agreeing to our terms and conditions you certify that you are as such. You are only authorised to sell through your specified retail outlet; selling via a website and other outlets would need written approval.

Samples: Available on request, subject to stock and will be chargeable. The cost of this sample will be refunded in full, offset against your first order, provided that the sample is returned to us in usable condition.

UK Orders: Minimum order (first order) £100. No minimum on repeat orders.

New Accounts: New customers are required to pay proforma. Payment can be made by credit card, debit card or BACS payments. A credit/debit card facility is available at no extra charge for pre-payments and for payment of invoices within 14 days of invoice date. The facility can be used for payment of invoices older than 14 days, but a 5% surcharge will apply. Bean and Bemble will not ship your Order before the Invoice has been paid in full and monies have cleared.

Credit: We can discuss a credit account after the second order has been completed. All accounts are due for immediate payment unless you are granted a Credit account. All payments under this are strictly by the 30th day following the day of invoice. Orders are invoiced as of the day of shipment. Late payments will be charged interest @ 4% per annum above the Bank of England Base Rate, commencing from the due date of payment. The company reserves the right to withdraw credit facilities for customers who do not settle their accounts in accordance with the terms and conditions of trade.

Title to all goods remains with the Company until full and final payment has been made.

Subject to stock availability, orders will be shipped within 7 working days from receipt of order in the case of account customers and receipt of payment in the case of new customers. The current method of shipping within mainland UK is a 24 hour delivery service. Any alternative delivery requirements must be arranged by the customer and at the customer's cost.

Orders in excess of £500 are delivered free of charge within mainland UK (excluding Highlands of Scotland). There is a £15 delivery charge for orders of less than £500. For all other areas carriage will be charged at cost. Local retailers are welcome to collect small orders (by prior appointment) from the factory.

Goods are invoiced at prices ruling at date of despatch.

Products that are not available at the time of despatch will typically be added to a back order. The customer must request for this to be cancelled if the back order is no longer required.

Written notice of any claim for damage or shortage must be given by 3pm day following delivery. In the event of non-delivery the Company must be notified within 10 days of the invoice date. Goods correctly delivered against customer's orders will not be accepted back or exchanged in part or in full by the Company.

The Company reserves the right to change specifications, colours and pricing of any products at any time without notice.

Handmade: Our products are handmade, so please accept there can be some minor differences in size and finish, such as slight colour changes, small white flecks in our cotton fabrics, or very minor blemishes on melamine items; these irregularities are normal. Due to this nature, the buyer accepts this when the order is placed. It will not be a considered fault and therefore no credit will be issued. If you have any concerns regarding this, please contact us before placing an order.

Returns: We cannot accept returns without prior agreement and must be notified within 48 hours of acceptance of delivery.

Copyright and Images: The words and images on the Bean and Bemble website, documentation, and publicity is owned by Bean and Bemble and subject to copyright. If you would like to use any of our images for promotional purposes please ask us first. Please do not use any images or words without our prior written permission. Please email us and we will happily arrange for some images to be sent to you. All intellectual property rights in connection with any of the Goods shall be owned by Bean and Bemble.

Privacy Policy: Any personal information that you provide to us including your name, address, telephone number and email address will be treated confidentially and will not be released, sold or rented to any entities or individuals outside of Bean and Bemble. We do however reserve the right to list your store's contact details in listed stockists on our website or to provide these details to a potential customer upon request.

Special Commissions: We welcome orders for special commissions or custom colour combinations (subject to a minimum item / order quantity). These orders placed with Bean and Bemble are non-refundable and either a deposit or full payment (depending on the nature of the design), must be paid before manufacture commences.

Pricing: We reserve the right to alter our prices at any time unless prior invoiced. Our wholesale prices are confidential, please do not share this information without prior permission.

Online Wholesale Marketplaces: Orders placed online through online wholesale marketplaces such as Faire and Ankor-store may have additional Terms and Conditions in place set by those websites. Likewise, there may be some difference in shipping charges. Our product prices are the same across all platforms and will regularly be checked and updated.
