BEAUTY AND BEYOND

We've designed our candles to melt down into the center to ensure they stay beautiful.

Placing your candle under a lamp will without lighting the ignite the fragrance wick.

Extend the life of your candle by adding pieces to a wax warmer and allowing the fragrance to fill your space.

Beauty in every moment

As experienced florists, we understand the power and impact of beauty.
We create with intention and each of our candles is handmade to express love and inspire joy.
Our candles bring the beauty and essence of nature into your life.
Dried flowers and leaves create designs inspired by Milanese marble: sleek, elegant, and with abstract strokes of color.
Unique patterns bring a subtle charm and air of mystery.
We see our candles as object d'art to elevate any and every space.

Perfolet

Our Perfolet is a solid room freshener made by infusing our signature fragrances into 100% soy wax allowing you to fragrance any space, no matter the size. Simply place the Perfolet in your desired space, and enjoy its subtle scent. Lasts up to 2 years in enclosed spaces, such as closets or drawers.
