AUTUMN 2024

ABOUT

US >>

Mouth blown glass is our passion. Each vase, bowl, pot, candle holder or candle glass is the result of dedicated craftsmanship of the glassmakers from our Eastern European factories. Each item is mouth blown and hand-formed.

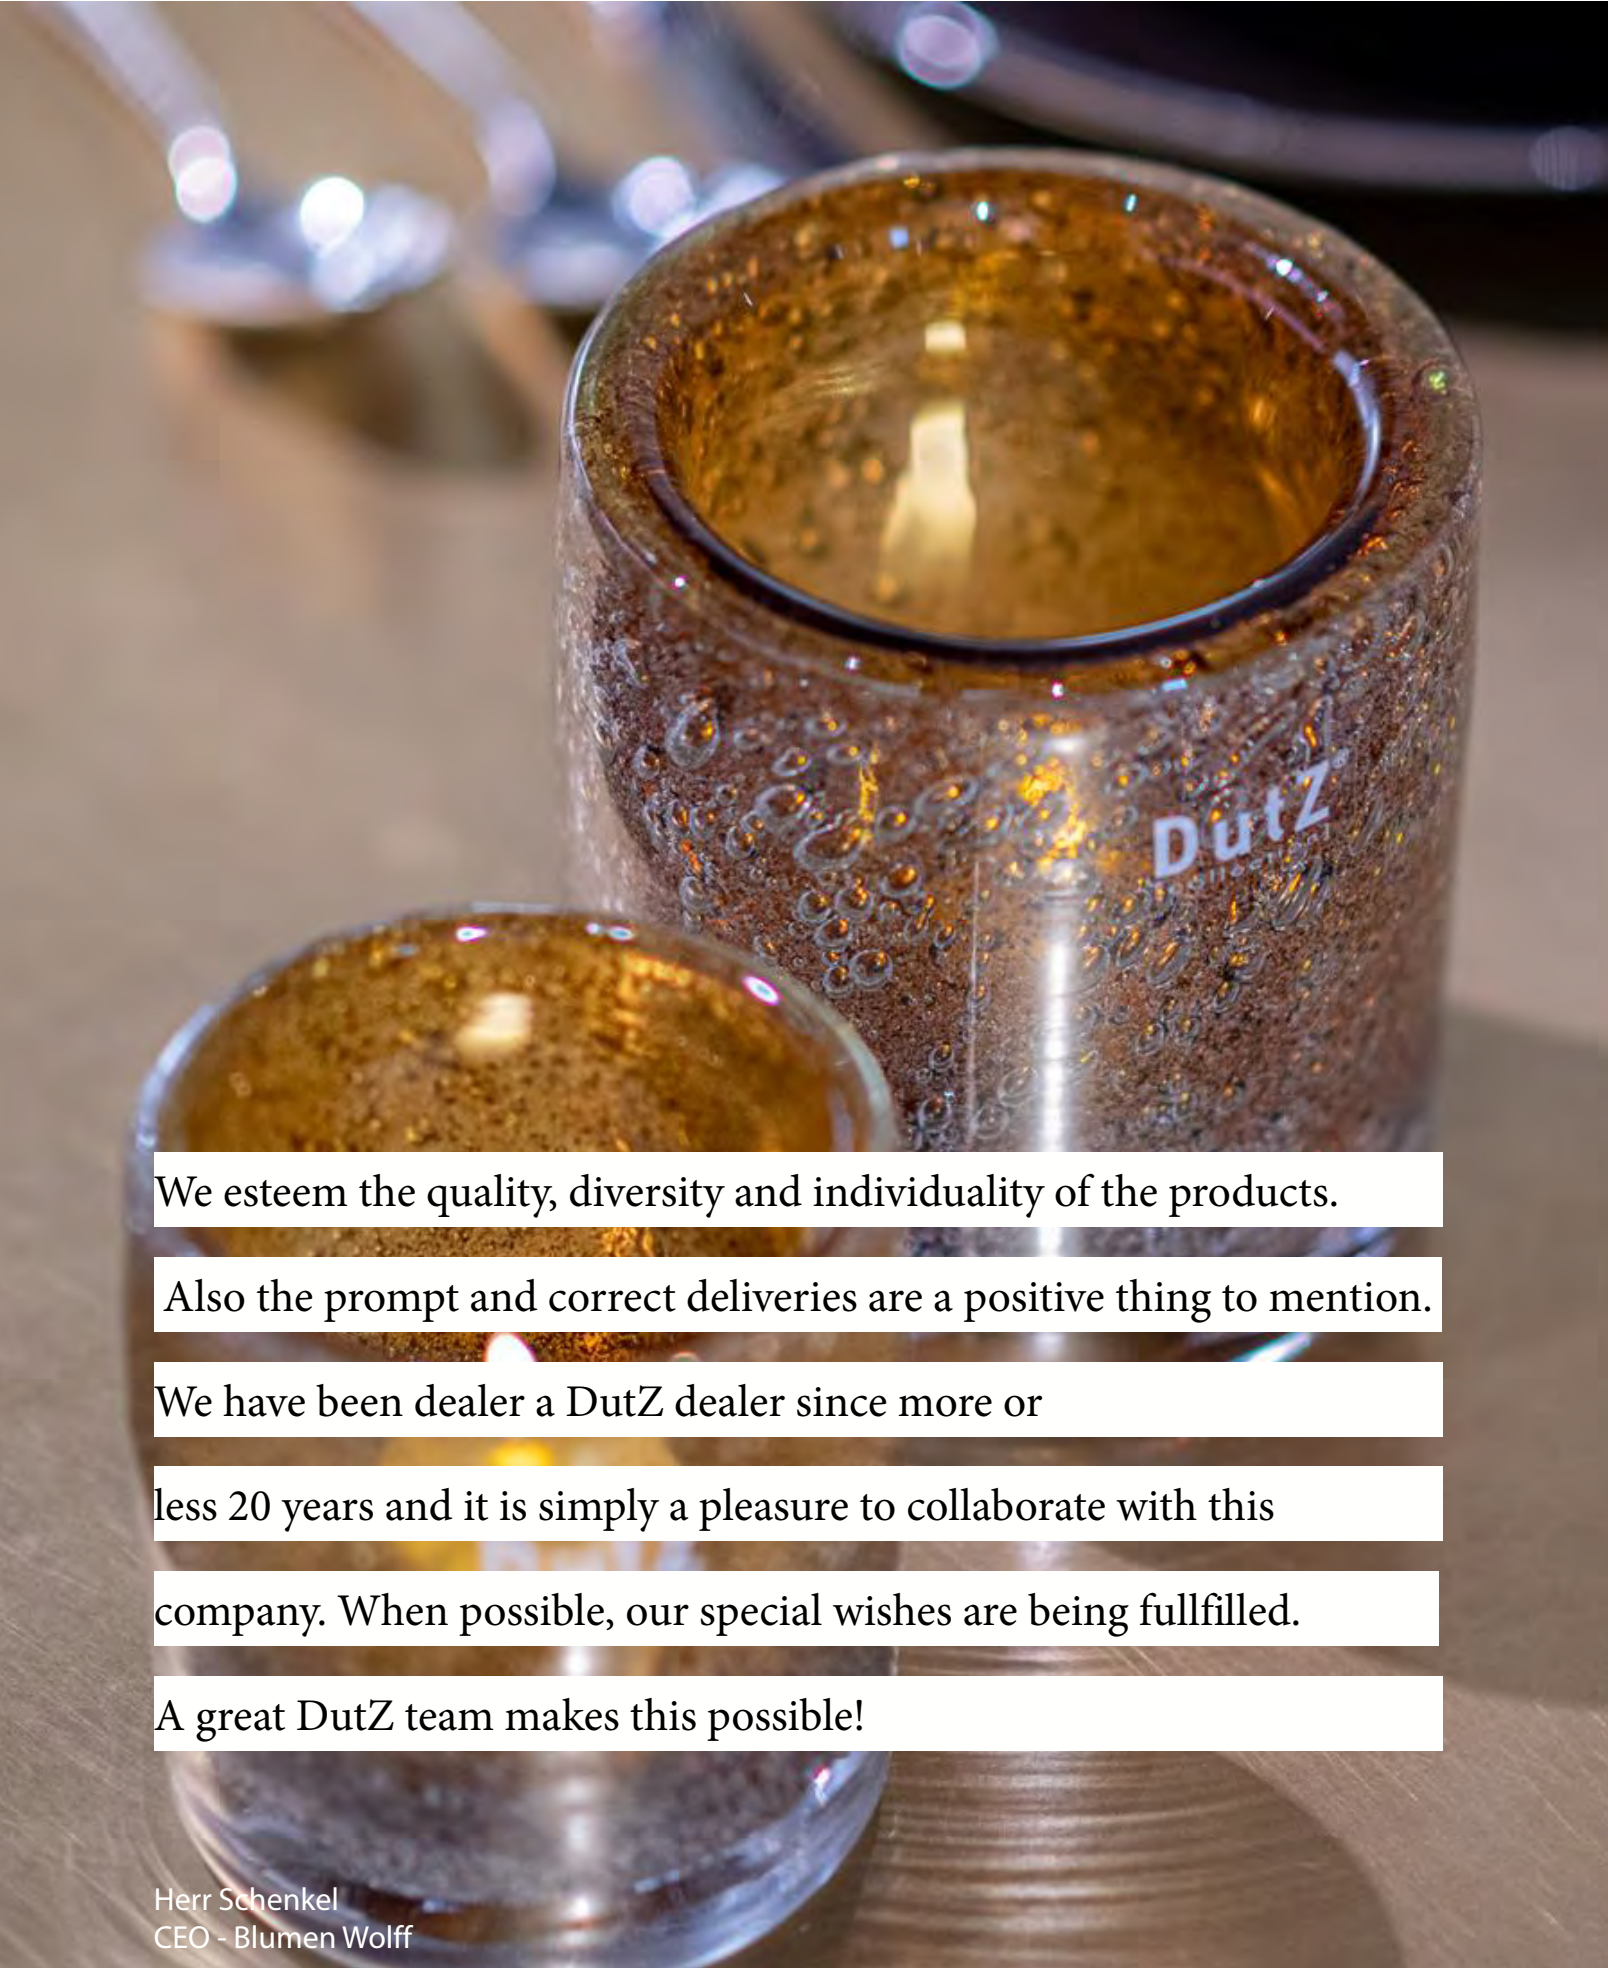

What does DutZ mean? DutZ is an abbreviation of 'durf uitgesproken te zijn', which can be translated as dare to be distinct.

The collection is special because of the fascinating craft of glassblowing. Each product is the result of dedicated craftsmanship of the glassmakers from our East European glass factories.

DutZ is different. DutZ is special due to the huge amount of energy invested in the development of new products . You will find surprising new series every season. Unlike many other companies, we have chosen to produce mostly in Eastern Europe.

Therefore, we contribute to the maintenance of traditional glassblowing, which is dying out across Eastern Europe.

DutZ[®]
[collection]

We esteem the quality, diversity and individuality of the products.

Also the prompt and correct deliveries are a positive thing to mention.

We have been dealer a DutZ dealer since more or

less 20 years and it is simply a pleasure to collaborate with this

company. When possible, our special wishes are being fulfilled.

A great DutZ team makes this possible!

Herr Schenkel
CEO - Blumen Wolff

Our approach to decor finishing is always layer upon layer of contrasting materials, so we are always looking for interesting glass pieces to juxtapose wood and metal, and DutZ has been our go-to brand for many years as the quality is superior and designs are always fresh and interesting. Service is excellent and over the years they have become true supporters of our brand as much as we have of theirs.

Suppliers has become friends!!

CEO - La Grange

ALL NATURAL >>

A CLEVER BASELINE

We use all natural tones as our basic colours for the coming season.

Think of colours such as beige, light grey, taupe, topaz and white.

By choosing these shades, there is plenty of room for your own inspiration. Because, the addition of an accent colour creates a unique interior with its own character.

We think it is pretty clever to introduce this style as our baseline!

TABLE VASES

MAKE US SMILE >>

OUR LITTLE STARS: RONA - SKRYSZOW - URTII - SOLIFLEUR - MASA

At DutZ Collection, we have small vases in many different shapes, colours and sizes.

It's great to put a group together and divide a large bouquet over all these little vases; so gorgeous!

Of course, it is also very nice to let just one vase with that one special flower steal the show.

The little vases look great on the coffee table, dining table or on that special grandma's cupboard.

Every vase from DutZ collection is mouth-blown and handmade, which makes each one unique.

All our small vases are:

- Mouth-blown
- Produced in Europe
- Thick glass

ROSES & FRUIT >>

STIMULATE YOUR SENSES

When you see the fresh pink hues, you can just taste the cranberries already. And when you see the warm red, then imagine the Amarena cherry on your dessert. If you think of soft pink tones, you can smell the roses in your garden! That's what you will experience when you see the Roses & Fruits theme.

DURF UITGESPROKEN TE ZIJN

The mouth blown art vases from DutZ collection are of high quality and perfect for some beautiful flowers or as an object. Every DutZ glassvase is unique! Every glass vase is mouth blown by glassblowers from our European glass factories.

Each product can therefore differ slightly in colour and shape from the images. Small deviations such as bubbles and scratches are not defects but a result of the traditional process of traditional glass blowing. They enrich the product and give it a unique appearance.

We try to keep this catalogue as up to date as possible, but it may happen that we overlook something. Want to know exactly what our current collection looks like? Then click on the link below to find out all about it.

On our website you will find all information about our complete collection, our fantastic team, our contact details and those of our representatives, and lots of inspirational pictures!

Want to be inspired by us every day? Then follow us on Facebook and Instagram. Here we post beautiful inspiration images almost daily.

Do you have any questions or would you like more information? Then email your question to info@dutz.nl or contact your sales agent.
