Hi! My name is Beth and I'm an illustrator from the Highlands of Scotland. My artwork is centred around the concept of capturing a scene in a bottle with my most recent collection, the Scottish Collection, being inspired by the surroundings where I grew up.

I believe in making a positive impact on the environment so my greeting cards are made from 350gsm recycled card and are attached with fully recyclable and biodegradable card catch stickers. All the backing cards and packaging for every product are also fully recycled and are all sourced locally within the UK, reducing our carbon footprint and supporting the local economy.

Thank you for visiting my stall! If you'd like to follow me on any socials then feel free to scan the QR code :)

Beth.
