ABAHNA

FRAGRANT JOURNEYS
Inspired by the WORLD

OUR STORY

Abahna was established 20 years ago by husband and wife founders Ed and Claire Croft, who were inspired by the fragrant ceremonies of the Balinese spas that they visited on their honeymoon.

"The idea that something as everyday as a bath could be elevated to an indulgent ritual really captured my imagination," says Claire. "And I loved the fact that, because of the way that our sense of smell is so closely bound up with memory and emotion, just by adding a few drops of an oil, or some salts, to my bath back at home, I could immediately be transported halfway round the world."

Since then Abahna, a name which pays homage to ancient bathing rituals from all corners of the globe, has sought to create products that will take you on a fragrant journey, perhaps to somewhere you've been and loved, or maybe to somewhere you've always dreamed of visiting.

We work with some of the very best perfumers in the industry to create evocative and sumptuous scents that bring luxurious and sensual experiences into your surroundings, wherever you are. Appealing to a discerning clientele, which includes royalty, you'll find Abahna in some of the world's most prestigious stores, hotels and homes.

OUR VALUES

FRAGRANT JOURNEYS

Aromatic oils & natural extracts have been used in bathing ceremonies for health, beauty & emotional wellbeing since the dawn of civilisation. Inspired by these global traditions, we seek to transform an ordinary routine into a multi-sensory fragrant journey.

SUSTAINABLE PACKAGING

Our philosophy of nature extends to our packaging too; our bottles are made using 100% recycled plastic & glass. Our paper is sourced from FSC certified forests & our inks & glues are water-based.

NATURAL THINKING

We are dedicated to a philosophy of nature & meticulously select the very best English, European & global suppliers who endeavour to source locally grown ingredients & extracts. That's why our products are as natural, simple & effective as possible, benefitting mind, body & the wider world.
