

# Look Book

original  
duckhead

# Original Duckhead is a sustainable umbrella brand based in London, UK.

We are a woman owned and led company dedicated to producing joyful, functional, and considered designs. We work with recycled, recyclable, biodegradable, and sustainably sourced materials.

Our umbrellas are handmade using age old technics adapted to modern-day usage and built to last beyond the season. Our design ethos is simply that a well-made and fit for purpose umbrella can be both functionally useful and a coveted accessory cherished for many years.

# Our Mission

**OUR MISSION** is to bring style and quality to rainy days by creating delightful, eco-friendly, long lasting umbrellas that spark joy in everybody that encounters them and make anyone using them, stand out from the crowd.

**OUR VISION** is to build the happiest umbrella brand in the world by partnering with retailers who share our values. You are the linchpin to our success.

**OUR COMMITMENT** to you:

- Direct brand support
- 1-year craftsmanship warranty
- Exclusivity in your area
- Selling collateral
- Regular newness

# Sustainability

**Sustainability has been part of our mission since we started creating umbrellas back in 2012. Our guiding principles:**

## **Minimize waste**

We are conscious that producing anything new has an impact on the environment. We are continuously working to eliminate waste at every stage of production.

## **Design longevity**

Designing umbrellas sustainably means designing umbrellas to last. We want every umbrella we make to live a long, productive life so we prioritize quality, ensuring our materials and construction hold up over time and age with character.

## Eco-friendly Materials

**Recycled P.E.T-** Our fabric is made from recycled plastic bottles sourced from post-consumer waste. Recycled P.E.T is a strong and versatile fabric that requires less energy and contributes less CO2 to the atmosphere than Polyester and Nylon fabric production. By diverting plastic bottles from waste streams and giving them a new life as beautiful umbrellas we minimise our environmental impact. Each of our umbrellas is made from 9 recycled plastic bottles. Our fabric is certified SCS Recycled Content.

**Waterproofing-** Our umbrellas are waterproofed with an **eco-friendly non-toxic AC coating**.

**Biodegradable poly-bags-** our polybags are certified 100% biodegradable which means they biodegrade in landfills.

All the **packaging** we use to ship from our factory to our warehouses and to our retail partner is **fully recyclable**.

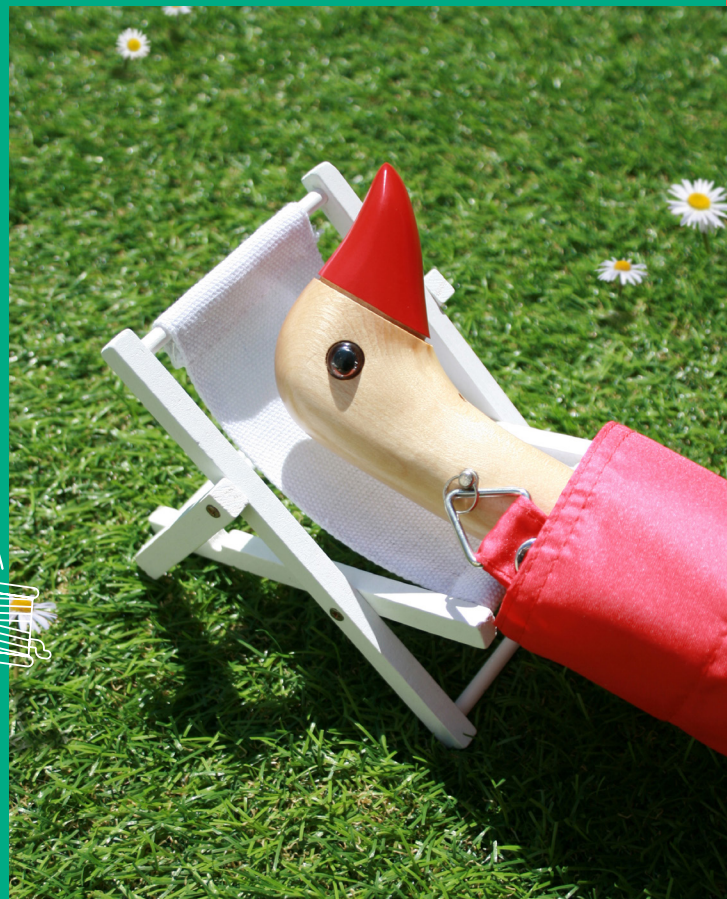

# Sustainability Cont.

## Ethical production

We have a long-standing partnership with our manufacturer in China, who is committed to ethical and environmentally responsible practices. We only work with manufacturers who share our high ethical and environmental standards. Our partner factories are SEDEX audited and SA8000 certified for Labour Standards, Health and Safety Standards, Environmental Standards and Business Ethics.
