A COLOUR STORY

BRITISH COLOUR STANDARD®

The art/design team of Jackie Piper & Victoria Whitbread have a shared love of colour & material exploration. Discovering an old colour dictionary in an Oxfam shop began a journey to re-establish this long forgotten brand. A treasure trove of colour & rich history revived in 2015; first established 1931.

We will then endeavour to keep you completely informed with the progress.

Returns

If you wish to return an order once the goods have arrived, then we can exchange them / refund you once the 'undamaged' products have arrived back at the agreed return destination, however the customer is liable for all shipping costs.

Please make sure you have a proof of delivery as we cannot refund you for lost goods in transit.

Please send photograph of products if a flaw is found to assist us with progressing any returns of this nature.

Breakages

If a breakage should occur, please do not throw the item away. Keep it in it's packaging and inform us of the problem within 7 days of receiving the goods otherwise we cannot be held responsible for damage incurred.

The shippers might want to collect the items.

In addition to this photographs are a great help to us, so remember to please keep the faulty goods until we have resolved the issue.
