Mama Earth-lovin' materials and practices. Certified California Green Business.

Unique, durable and high quality goods made with expert craftsmanship.

Independent woman-owned and operated. Paying a living wage and benefits.

We are waving to you from a chilly San Francisco summer. This year we celebrate 15 years of creative goods that let you express yourself: whether it be something you wear like jewelry and socks, share like our cards and prints, or make like our DIY goods and books.

This season we are stoked to release a new range of gleaming cloisonné 18k gold HAIRPINS (page 24) along with loads of new socks and jewelry. We are also thrilled to welcome our new Sales Director, Connie Hallen (Connie@YellowOwlWorkshop.com.) She has been our pal for years and now she is here to advise and assist you with anything you need!

We work with only durable, eco-friendly materials. Our vibrant Risograph cards are printed on 100% post-consumer waste recycled paper with veggie-inks. We make our hypoallergenic jewelry with real gold and brass for long-lasting enjoyment.

As the designer of all the stuff here (and the hammiest ham in loud plaid above,) my sincerest gratitude to you all for letting me selfishly design things I wanted myself for all these years. All-around high fives to our stellar and talented staff that really makes Yellow Owl tick. We are just getting started!

- Christine Schmidt (Big Cheese)

## COMBED COTTON CREW SOCKS

The design of this sock range was a selfish pursuit. We just made the socks we want for our own feet chilled by the San Francisco fog. We tracked down the softest cotton with long combed fibers for a luxuroius hand feel. We reinforced the toe, heel and cuff for durability. Most importantly we make them following the highest ethical, labor and enviromental standards.

Fabric content varies by style and contains a mixture of cotton, nylon and spandex. Each pair is packed folded with a brass eyelet.

Women's size fits most: 5-10 US. 7inch leg x 7 foot x 3/4 cuff inches (18 x 18 x 2 cm).

Men's size fits most: 7-12 US. 8.5 inch leg x 8.5 foot x 2 cuff inches (21.5 x 21.5 x 5 cm).

## PENDANTS

Each refined pendant, gilded in luminous 22-karat gold is adorned with the ancient metal-working technique called cloisonné. Tiny crevices etched into the surface of the pendant, called "cloisons", are expertly filled with different colors of richly pigmented paste. Fire from a kiln transforms the loose mixtures into deep hues of hard enamel. The surface is then filed, sanded, and buffed to exquisite shine.

Each pendant presented on a soldered 18k gold-dipped 20 inch chain (50.8 cm) with clasp. Individually presented in our unique glass vial with cork packaging.
