

For learning, imagination and role-play

oskar&ellen[®]

About the oskar & ellen products

Care Instructions

We recommend hand wash 40 degrees C for all items except the baby quilts, which are machine washable. Please iron your product with low heat or steam and your product will look great.

Production/ Country of Origin

All oskar&ellen toys are handmade (hand sewn and by sewing machines) by three manufacturers/ sewing studios in Manila in the Philippines. Each studio has approx. 30 employees and all employees are paid a fair wage imposed by Philippine Law. The working environment and conditions of the artisans are friendly and they have access to drinking water, fans and toilets. Mobiles are allowed during work. The continued orders placed by oskar&ellen provides job security and income stability for the workers at the studios.

Materials

All products are made from cotton, poly cotton, polyester, and rayon, sometimes felt. The fabric is different for each product and is imported to the Philippines from Hong Kong, Korea, Japan and USA.

Safety

Our products, where applicable, adhere to European standards for toy safety - EN 71 1-3 and the Directive 2009/48/EC- and therefore carry the CE mark. We feel that it is important to stress that although our products are made of fabric it doesn't mean that they are suitable for babies. The majority of the pretend play and activity play bags are suitable from age 3 years and above. The age around 3-6 is an age where the child is enjoying role-play and imaginative play and therefore this is the age when we believe the child will enjoy our toys the most.

Each and every toy is created with intricate hand sewn details and is manufactured in a series of small, responsibly run studios in the Philippines.

Petra, founder of oskar&ellen, visiting the sewing studios.

Story bags

Story-telling bag itself becomes the backdrop to the story and its contents - relevant finger puppets - help bring the characters in the story to life, creating excitement and a sense of adventure. These finger puppets can also be used in the Doorway Theatre toy (see page 4). Size 23x17 cm.
