**BOX
CANDY**

About us

We are The Bubble Factory, the creators of Box Candy®. We love to design and create craft sets, we see them as imaginary stories in a box. Our goal is to make fun products that inspire kids (or adults!) and make them feel proud of what they've made.

We are not a perfect company, but we try! We value our planet and always create our craft sets with minimal environmental impact in mind. Our boxes are made to keep, and inside we use cardboard inlays with little waste on packaging. All our paper items are made from recycled paper, and we keep researching for more environment-friendly solutions for our crafts. We are not there yet, but with your help and input, we will keep improving!

'We love to create outside the box'

Audrey Valks, *Founder*
