2023

Certified

Corporation

Host it. Love it.

We enter 2023 a certified B Corporation, joining a global group of like-minded companies. B Corp status provides your customers with the assurance that the purchasing choices they are making are sustainable ones.

You may know that certification involves a rigorous assessment of a company's environmental and social impact along with a commitment to continuous improvement and transparency.

For SS23 that desire to improve comes through in a number of important firsts in our Talking Tables collections. As part of our commitment to decrease our reliance on virgin materials we are introducing bud vases made from recycled glass, recycled paper napkins and bunting made from remnant fabric.

We also continue to endeavour to source closer to home – this season sees the introduction of birch wood trays from Sweden. Our dinner candles continue to come from Italy, our jigsaws from the Netherlands and the vast majority of our napkins from Poland. We are starting to manufacture recyclable, plastic free cups in Turkey.

As you would expect, our new collections are plastic free; including Right Royal Spectacle. We know our planet-conscious King would approve of that and we look forward to people coming together to celebrate his crowning this summer. We will certainly be joining in the festivities.

I wish you every success in 2023 and hope to see you in your store or at one of the shows.

THE CORONATION OF KING CHARLES III

May 6 2023

It will be the first Coronation held in the UK for almost 70 years, the last being in June 1953 for Elizabeth II. As with the Jubilee, which witnessed thousands of street parties around the UK and many more garden parties, the occasion will be the event of the year for gatherings. The Right Royal Spectacle Jubilee collection was a sell-out success and our Right Royal Spectacle Coronation collection looks set to be one too. It really is fit for a king.

EUROVISION: OUR SONG CONTEST

May 13 2023
The day we are all excited for in our very own Liverpool.

It will be Douze Points for Eurovision parties this summer as Liverpool hosts the ever-popular song contest on behalf of Ukraine. The UK is Eurovision crazy with 8.9 million people tuning in to the 2022 final – the highest Euro audience – and viewing parties both at home and via public screenings THE big thing. So imagine how huge the final will be on May 13 as the host nation. The Our Song Contest collection adds even more fun to the occasion with all the trappings – with paddles capturing some of the classic comments people would make about a Eurovision song, e.g. Nils Points, Out of Tune, Ballad Alert! The design has a retro, Seventies feel, a nod to Liverpool's music scene and the long history of Eurovision.

Here's what's been keeping us busy as we continue to reduce our environmental impact and provide eco-friendly choices, both for planet and people.

Plastic free: we are phasing out single-use plastics: 96% of our new spring/ summer 23 collection is free from single-use plastic.

Planting a tree for every tree we use: we have planted incredible 13,623 (and growing) trees so far, offsetting the paper used to produce our paper napkins and games.

Home Recyclable: our paper products are recyclable and by that we mean home recyclable – just pop it in your recycling bin.

Net zero by 2050: we will halve our greenhouse gas emissions before 2030, achieving net zero emissions before 2050.

People First: We're putting the well-being of our people first and prioritising our charities and communities through fundraising and volunteering.

NATURAL MEADOW

Introducing Natural Meadow, our most sustainable collection ever. Inspired by meadow planting and the no mow movement, it features some Taking Tables firsts - including upcycled fabric, plantable seed paper and napkins made from recycled paper. All alongside our trademark plastic free packaging and paper sourced from sustainably managed FSC forests.

Handmade in India from remnant cotton, which means each one not only minimises waste but is unique

Hello B Corp...

We are thrilled to be a B Corp. We had to pass a rigorous assessment of our social and environmental impact to qualify for certification and are pleased to have joined a global movement of like-minded companies committed to using business as a force for good.

Putting People First

We're part of the Living Wage Foundation because all our people work hard and deserve fair pay. We're delighted to have just become a Great Place to Work because it's an accreditation based on engagement scores provided by our team. And our people also include our suppliers and customers which is why we're signed up to the Good Business Charter, which guarantees, among other things, prompt payment.

Our Virtual Forest

We work with Ecologi, offsetting our napkin production with tree planting and supporting sustainable initiatives like wind farms around the world.

ECO-TAINING WITH TALKING TABLES

Creating a sustainable spring table is easy with our Natural Meadow collection.
Here are some top tips for your customers...

Upcycled.
Meadow's upcycled fabric bunting minimises waste and can be hung up time and time again.

In season.
Choose flowers and food that are in season.

Support a B Corp.
Such as LA Brewery, Proper Corn and Belazu.

Charity find.
Give a previously loved item, like this tablecloth, a new lease of life.

Plantable.
After you've used them, plant the Meadow place cards (and their packaging) and watch them grow.

Recycled.
Our new bud vases are made from recycled glass.

Recycled and recyclable.
Our Meadow napkins are made from recycled paper and can be recycled.
