LINESCAPES

THE ART OF ARCHITECTURE

Linescapes is a brand design based in West Sussex specialising in highly detailed CAD architectural portraits of iconic buildings, architectural landmarks and bespoke commissions. Set up in 2014 by Amalia Sanchez de la Blanca, Linescapes offers a range of architecture-inspired prints, cards and gifts.

The aim is to tap onto people's emotional relationships with buildings. Architecture can evoke memories, a sense of belonging and relate to our aesthetic sense. That's why Linescapes' collections are constantly growing with drawings of buildings that mean something to people, whether it's a cultural landmark, an architecturally significant structure or a bespoke house portrait.

Amalia has built a collection of over 70 illustrations which are available from stock. Among the products she offers to the Trade are: Open and Limited Edition Giclee prints, concertina prints, blank cards, placemats, coasters, and seasonal items such as Christmas cards and calendars. She's currently working on a new collection of tea towels and mugs which will be available in May 2024.

She has also published the second edition of her popular **ARCHITECTURAL LINESCAPES** book featuring 78 of her best illustrations organised chronologically and by architectural style.

Amalia's background as an architect and consequent attention to detail and her trademark style ensures that all her products sit well together in stylish and understated collections.

BESPOKE ARCHITECTURAL PORTRAIT COMMISSIONS

In addition to the off-the-self products, Linescapes also undertakes bespoke commissions. In the last 8 years, Amalia has collaborated with many cultural landmarks, helping them develop gift ranges featuring exquisite illustrations of their buildings. Recent collaborations include co-creating a range of products for the Sir John Soane's Museum, Chatsworth House, Abbey Road Studios, Manchester Art Gallery, Freemason's Hall, Harrods and Canterbury Cathedral among others.

Amalia can also carry out historical architectural research, illustrate interior elevations in significant buildings, and produce bespoke house portraits for private customers. Linescapes is open to any type of commission including non architectural structures.

Linescapes offers a personalised approach to clients' needs and budget. If you'd like to discuss any projects or if you have any questions please contact Amalia. For samples of all her commissions and testimonials please visit
