LINESCAPES

THE ART OF ARCHITECTURE

Linescapes is a brand design based in West Sussex specialising in highly detailed CAD architectural portraits of iconic buildings, architectural landmarks and bespoke commissions. Set up in 2014 by Amalia Sanchez de la Blanca, Linescapes offers a range of architecture-inspired prints, cards and gifts.

The aim is to tap onto people's emotional relationships with buildings. Architecture can evoke memories, a sense of belonging and relate to our aesthetic sense. That's why Linescapes' collections are constantly growing with drawings of buildings that mean something to people, whether it's a cultural landmark, an architecturally significant structure or a bespoke house portrait.

Amalia has built a collection of over 70 illustrations which are available from stock in 3 different versions: the **Sunrise Collection**, the **Sun Collection** and the **Landmarks Collection**. Among the products she offers to the Trade are: Open edition Giclee prints, blank cards, tea towels, placemats, coasters, mugs, magnets and seasonal items such as Christmas cards and calendars.

She's also about to publish the second edition of her **ARCHITECTURAL LINESCAPES book** featuring over 70 of her best illustrations. The First edition sold out within 3 months but the new second edition - available from March 2023 - can be pre-ordered now.

Amalia's background as an architect and consequent attention to detail and her trademark style ensures that all her products sit well together in an stylish and understated collection.

BESPOKE ARCHITECTURAL PORTRAIT COMMISISONS

In addition to the off-the-self collections, Linescapes also undertakes bespoke commissions. In the last 8 years, Amalia has collaborated with many cultural landmarks, helping them develop gift ranges featuring exquisite illustrations of their buildings. Recent collaborations include co-creating a range of products for the Sir John Soane's Museum, Chatsworth House, Abbey Road Studios, Manchester Art Gallery, Freemason's Hall, Harrods and Canterbury Cathedral among others.

Amalia can also carry out historical architectural research, illustrate interior elevations in significant buildings, and produce bespoke house portraits for private customers. Linescapes is open to any type of commission including non architectural structures.

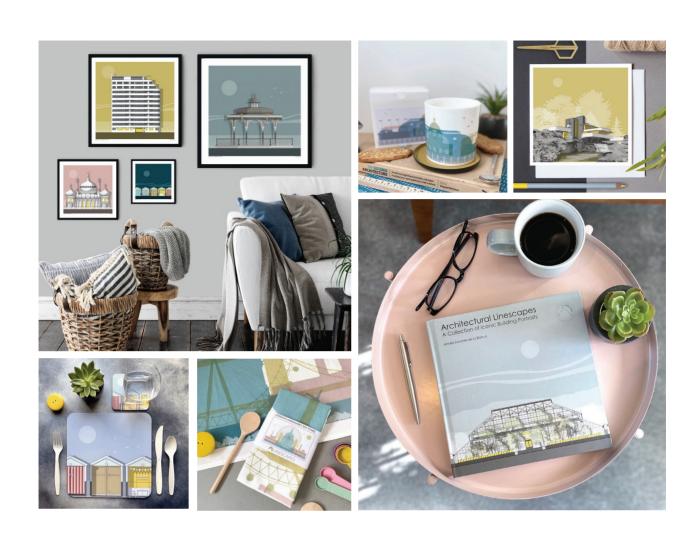

Linescapes offers a personalised approach to clients' needs and budget. If you'd like to discuss any projects or if you have any questions please contact Amalia. For samples of all her commissions and testimonials please visit **WWW.LINESCAPES.CO.UK**
