

THE FURNITURE COLLECTION

*Beautifully crafted premium oak & hardwood furniture*

◀— Crafted with a deep sense of tradition —▶

*We love premium oak, the grain, the warmth and the way it sits perfectly in both contemporary and classic room design. In this brochure you'll see exactly why we love it so much.*

We specialise in beautiful classic and contemporary oak furniture, built and finished by hand. Whether you are looking for a provincial styled piece, or something more contemporary, we love to match aesthetics with real traditional craftsmanship.

From 'Bloomsbury' with it's stunning naturally raised grain, chunky rustic looks and cutting edge design to the 'Modern dining range' and the impressive monastery tables seating up to 20, we have a wide and fulfilling collection available.

Finishing touches! When it comes to personalising your furniture we have some perfect options that will help make your home look extra special. From world renowned Farrow and Ball paints to sumptuous fabrics from Harris Tweed, handwoven by the islanders at their homes in the Outer Hebrides of Scotland.

Above all we like to 'make our furniture the right way', using techniques such as dovetailing, hand-waxing and lacquering, allowing the natural grain to reveal itself in all it's glory... it's furniture that is more than just design... it's furniture created for your home... and it's created to stand the test of time.
