About iONE360
3D Product Configurator, AR and Rendering

- 3D Product Configurator
- Automated Rendering (live)
- AR; configurable & web-native
- E-com plugins available

iONE360 is award winning software which combines product configuration with automated visualization. This makes it a feasible and affordable solution to (1) visualize all your products and options and (2) to offer this to your dealers and end-customers as a 'self-service' point of sales.

Visit website

iONE360 for brands
Whitelabeled configurator for your dealers

For brands / manufacturers, iONE360 enables your dealers to embed your whitelabeled product configurator on their own (e-commerce) websites. This drives conversion and engagement on their site, which directly impacts your turnover as well. Moreover, it is a great way to increase your piece of the pie as more of their customers will lean towards products which feature the best visualization and product information provided by the iONE360 3D product configuration platform.

Your product configurator engine

Embedded into your dealers' webshops

- Unparalleled engagement on your B2C channel
- Groundbreaking POS (on- & offline) for your dealers
- Increased share in dealer sales
- Improved dealer loyalty
- 6x Reduction in product visualization costs
- Increased customer satisfaction

WE CREATE   **WE INNOVATE**   **WE CARE**

You need a partner you can rely on, treats your data and that of your customers with the highest integrity and will be there when times get rough. A partner that truly knows the (im)possibilities and challenges within the living industry and complexity of the products. We are that partner.

With over 40 years of experience in building software products for our customers that operate in the furniture and related industries, it is safe to say that we know what we are doing. We've created unique solutions which can do things that others can't or just not as good. This places our customers ahead of the game.

We believe in the strong integration between industry expertise and technological innovation and bringing those together into great advancing solutions.

- 40+ years of experience
- Award winning software
- 500+ customers across Europe

- ISO27001 certified
- Unique & innovative software solutions
- True industry expertise
