Vesta

Crafted for you - with passion

Vesta

Vesta is one of our all-time bestsellers, and it is easy to see why. It is a deeper lounge sofa with a timeless quality that always brings a contemporary presence to any room.

Over the years, a carefully considered variety of modules and options have been developed to make it easy to customise and tailor to your very personal needs and requirements. One of Vesta's various features is that all of the modules are fully upholstered, making them easy to move around and place in different combinations, together or separate.

Vesta Round

Vesta Round is an emphasis on organic shapes, a higher back and rounded elements. The rounded footstool can be placed to the side of a seat module as an open-ended end part - or as a freestanding footstool or small chaise lounge to the front of a seat module. In keeping with our commitments to making long-lasting furniture - all new elements are compatible with existing items.
