GLOWSMITH®

The Automotive & Industrial
Candlemaker

A B O U T U S

Moving beyond standard candle jars, we create candles moulded from **real automotive and industrial pieces**, finished in carefully curated colours and fragrances. The result is a candle that feels immediately **recognisable**, sparks conversation and **encourages confident buying**.

Since 2018, Glowsmith have been handcrafting candles based on our industrial heritage from our workshop in Derbyshire.

OUR PRODUCTS

Glowsmith offers a range of both **container** and **pillar** candles based on recognisable automotive and industrial parts. From **Grease Tins** and **Engine Pistons** to **Motorbike Chains**, there is always something customers **feel** an immediate **connection** with.

Our candles provide a **visually distinctive** addition to your store, creating natural opportunities to **spark conversation** with customers. Whether buying as a gift or for themselves, the **recognisable designs** make the decision feel easy and **confident**.

PARTNERSHIP BENEFITS

We stock retailers throughout the UK, including **The Motorist**, a leading destination for motor enthusiasts, and Derby's largest museum, the **Museum of Making**.

We work closely with our retail partners to ensure strong presentation, confident buying and long-term placement.

Our benefits include:

- Strong wholesale margins with low MOQs
- Wholesale or commission sales models
- Free Carriage on qualifying orders
- Branded marketing materials
- Optional display solutions
- Social media and website collaboration

WHOLESALE RANGE

Our wholesale model is simple – Buy any combination and quantity of candles to meet the MOQ and qualify for wholesale pricing. The following pages display our **wholesale range**, along with available **bundles** to make selection easier.

Packaging

All pillar candles are supplied in **sustainable protective packaging** to ensure they arrive in excellent condition and are **retail ready**. That's one less thing to worry about!

STARTER BUNDLE

Love our products but not sure where to start? The starter bundle introduces the **full wholesale range** with a **lower MOQ**, helping you identify what resonates most with your customers.

Bundles Built for Retail

Our bundles are designed to balance **visual impact** with reliable **sell-through**, providing retail partners with a confident starting point that works both visually and commercially.

Our starter bundle is comprised of:

- x6 Large Grease Tins
- x6 Small Grease Tins
- x6 Engine Pistons
- x6 Tyre Stacks
- x6 Nut & Bolts
- x6 Double Gears
- x6 Motorbike Chains

These are split evenly across our **six colours** and **fragrances**, ensuring early **best-seller visibility**.

BEST SELLER BUNDLE

Want to **take the guesswork out** of choosing the products which are most popular? Our **best seller bundle** does just that.

At Glowsmith we have a candle and colour combination which suits almost any customer, but certain designs consistently **perform across a wider audience**. Our best seller bundle has been carefully selected to ensure even **sell-through**, helping to prevent shelves from looking unbalanced.

Our best seller bundle is comprised of:

- x12 Large Grease Tins
- x24 Small Grease Tins
- x12 Engine Pistons
- x18 Tyre Stacks
- x6 Nut & Bolts
- x6 Double Gears
- x12 Motorbike Chains

These are split across our **most popular product and colour combinations**. Full details are available on our order sheet.

GREASE TINS

Our grease tins have been replicated from real tins from the **1950's**, including **wear, patina** and even the odd finger print! Our tins evoke a sense of nostalgia and work in a variety of spaces.

OUR MATERIALS

WAX

When developing our candles, we created our **own wax blend** to meet our standards for **clean burning, strong scent throw** and **refined aesthetics**. The result is a candle that **burns cleanly, holds its form** and delivers consistent **fragrance performance**.

FRAGRANCE

We only use **premium** fragrance oils that are **vegan, phthalate-free** and **cruelty-free**, carefully curated to complement the range and appeal to a broad customer base.

Colour

The colours within the range are entirely **bespoke**. We developed our own **colour matching system** to achieve precise, consistent tones.

The following page describes how our fragrances and wax colours are paired.

OUR FRAGRANCES

WILD POMEGRANATE

Rich pomegranate balanced by deep woody undertones and a hint of earthy spice, delivering a rich, grounded and atmospheric scent.

SMOKED VANILLA

Fresh bergamot layered over warm cedar and clove, settling into a rich smoky vanilla base with lasting depth.

SPICED ORANGE

Orange and tangerine layered with cinnamon and ginger, resting on a warm cedarwood base for a fresh yet comforting finish.

NORDIC PINE

Pine and citrus cut through cool menthol notes, delivering a clean, clear finish reminiscent of cool woodland air.

FRESH LINEN

Crisp citrus layered with smooth white musk and subtle cotton notes, creating a calm, refined and fresh atmosphere.

DARK OPIUM

Mandarin and pear balanced by black coffee, musk and amber, creating a bold, layered scent with refined intensity.

GlowSmith is proudly designed and manufactured in the UK, supplying a growing network of independent retailers nationwide.
