LAKRIDS^{BY} BÜLOW

DANISH CONFECTIONERY

LAKRIDS BY BÜLOW is the story of passionate craftsmanship for gourmet liquorice. In 2007 we created exceptional Danish liquorice, and today we continue our journey of creating surprising combinations and sensorial taste experiences with liquorice as our core. The ambition has remained the same: To inspire people around the world and spread our love for this unique Nordic flavour.

B CORP CERTIFIED

We are proud to share with you that we have achieved B Corp Certification, as the first Premium Confectionary company in the Nordics. As a B Corp, we're joining a global community of businesses that meet high standards of social and environmental impact.

At LAKRIDS BY BÜLOW, we believe that businesses should be a force for good, and the B Corp certification aligns perfectly with our core values.

Since the beginning of our story in 2007, we have set the bar high, challenged the conventional and never accepted status quo.

We were born on the mantra "less but better" when our founder Johan Bülow created a completely new category of gourmet liquorice within premium confectionery, and ever since we have strived to pave the way and make a difference within our industry.

WHAT IS B CORP?

B stands for benefit for all, and B Corps are businesses that meet high standards of verified social and environmental performance, public transparency, and legal accountability to balance profit and purpose.

It's a rigorous process, and we are proud to have successfully met the stringent criteria.

WHAT DOES THIS MEAN TO YOU?

It means that by choosing LAKRIDS BY BÜLOW, you are supporting a company that goes beyond delicious, gourmet liquorice products to make a real and positive difference in the world. From the sourcing of ingredients to the treatment of our employees and our engagement with local communities, sustainability is at the core of everything we do.

B CORP CERTIFIED

NATURE IS OUR MOST IMPORTANT SUPPLIER

SOURCING

Nature is our most important supplier. Our products are made from the very best natural ingredients; From liquorice roots to cocoa beans, vanilla from Madagascar, organic chilli from a local farm in Denmark, to wild berries handpicked from the forest.

We are deeply dependent on a globally healthy and sustainable nature, and we must do everything we can to take care of our planet.

Since 2020, 100% of the power consumption on the liquorice factory outside Copenhagen where all the company's products are crafted, is covered by power from renewable sources.

PACKAGING

100 % RECYCLED AND REUSABLE PLASTIC

In 2019 we were the first confectionary company in the world to switch to 100% recycled and recyclable (R-PET) plastic jar packaging. In

2021 we introduced our organic SLOW CRAFTED collection in recycled glass jars, designed for reuse, and in 2022 we strengthened our collection with refill bags to reduce the packaging consumption.

RESPONSIBLE GIFT PACKAGING

We are constantly working on reducing the amount of packaging and the impact of the materials we use. Our gift solutions are made from 70% recycled cardboard. The empty carton packages should be disposed of in a responsible manner and the carton should be separated from the plastic tray.

ORGANIC SLOW CRAFTED COLLECTION

In 2021 we introduced our organic SLOW CRAFTED collection in recycled glass jars, designed for reuse, and in 2022 we strengthened our collection with refill bags to reduce the packaging consumption.

The REFILL bags contain 84% less plastic compared to our REGULAR recycled plastic jars.

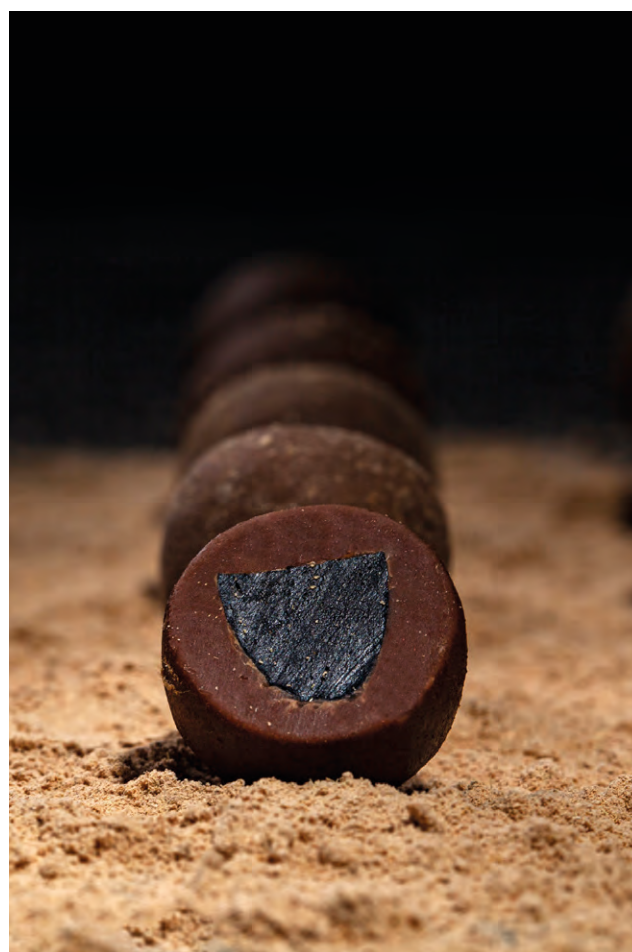

CHOCOLATE COATED LIQUORICE

CHOCOLATE COATED LIQUORICE

In 2009, Johan Bülow had the idea of coating the gourmet liquorice with chocolate together with Production Manager Tage. The concept of covering liquorice in chocolate was already known by Icelandic people, but Johan and Tage wanted to take the idea to the next level. It is all about creating the perfect combination of the right chocolate with the right type of liquorice, and today we explore the magic that both dark chocolate, milk chocolate, white chocolate, and dulce chocolate can create with liquorice.

All our cocoa ingredients are ethically and sustainably sourced under the impact of the Cocoa Horizons Foundation. The purpose of the Cocoa Horizons program is to improve the livelihoods of cocoa farmers and their communities through the promotion of sustainable, entrepreneurial farming, improved productivity and community development, which protect both nature and humanity.

We use Callebaut chocolate in our chocolate covered liquorice, and when we use sea salt in our products, it comes from Maldon.

A - THE ORIGINAL

CHOCOLATE COATED LIQUORICE

A - THE ORIGINAL was the first product developed when Johan Bülow was inspired to coat liquorice with chocolate - something that was not seen before in Denmark. People were at first sceptical about the idea, but the popular product A - THE ORIGINAL soon saw the light of day. The combination of sweet liquorice, exclusive milk chocolate and fine liquorice powder is, according to many, instantly addictive.

SLOW CRAFTED LIQUORICE

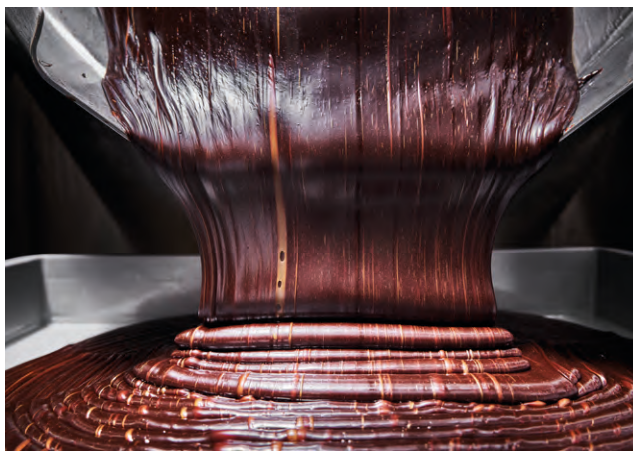

SLOW CRAFTED

The SLOW CRAFTED recipe is based on the original batch of liquorice Johan Bülow cooked on Bornholm in 2007, which sold out in only 2 hours. That is why Johan invested every saved penny, moved back into his mother's basement and started cooking. And cooking. And cooking. Few foods are as fickle as liquorice. Every drop or rise in temperature and humidity affects it. Even the slightest mistake cannot be fixed. Compared to our Permanent Assortment, the SLOW CRAFTED process is a lot more time-consuming. However, we believe that good things take time. The process includes cooking of the liquorice for up to four hours, followed by stretching the liquorice mass with bare hands. This ensures a unique caramel-like texture and a more intense liquorice flavour. Further, the SLOW CRAFTED collection consists of only the very best organic ingredients.

THE JAR OF SLOW CRAFTED IS DESIGNED FOR RE-USE.

We have a vision for re-use, why the jars are not just packaging but made to be used again and again for various purposes. You can easily remove the label with warm water and re-use it for smoothies, storage, breakfast or lunch on the go, re-gift, spices, nuts, as a vase - The options are unlimited.

Our organic SLOW CRAFTED licorice has been cooking for several hours and infused with organic honey from a local Danish producer. HONEY SLOW CRAFTED honours nature's golden elixir with real Danish craftsmanship and lets you enjoy a smooth caramel-like taste experience.

SYRUP

LIQUID LIQUORICE

SYRUP is a dark, richly textured liquorice syrup where the earthy depth from raw liquorice meets the mellow sweetness of molasses, unifying the bittersweet flavour with caramelised notes and a hint of acidity. Subtle undertones of Madagascan vanilla add warmth and balance the sweetness, while a touch of salt sharpens and lifts the flavours, giving the syrup a complex yet harmonious finish.

Silky and intense, it is perfect for enhancing a variety of dishes and drinks, from iced coffee and cocktails to desserts and culinary creations. This delicious, versatile syrup invites you to experience liquorice in a whole new way.
