Our 21st Birthday Edition

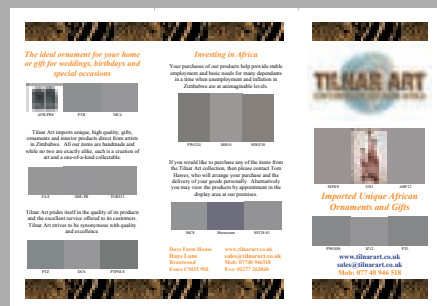

2026 Collection

Welcome to the 2026 Tilnar Art Brochure

We are delighted to share what promises to be another exciting year, with the launch of many beautiful new recycled and eco friendly collections.

For 21 years we have been proud to grow, evolve, and continue our journey and what a journey it's been. From our very first brochure below, filled with a small but passionate collection of handcrafted, Fair Trade and recycled pieces, to the diverse and beautifully curated range we offer today, we have come

such a long way. Over the years we have built lasting relationships with our artisan partners, expanded our designs, strengthened our commitment to sustainability and ethical trading and welcomed so many loyal customers along the way. Thank you for being

part of our story, here's to how far we have come and to the exciting chapters still ahead. **Happy 21st Birthday Tilnar Art**

Each new design has been created with great care and attention to detail, combining thoughtful design with the exceptional skill and craftsmanship of our Indian artisans. The result is a truly unique and innovative range that we believe will remain popular for many years to come.

Our 2026 launches include entirely new additions to the increasingly popular **AluminArt Collection** of Wall and Garden Art, featuring designs such as the Highland Cow Tree of Life, Robin & Poppy Tree of Life and Elephant Wall Art. These versatile pieces can be displayed as striking wall art or some can be mounted on stakes for garden use. We are also expanding our **AluminArk Collection** with new Pink and Rainbow Elephants, stags and highland cows.

All items are suitable for both indoor and outdoor display and are finished in our signature colourways, with brushed elements that give each piece a beautifully artistic feel. Like all our aluminium collections, these stunning sculptures are Fair Trade, handmade in India, created from recycled aluminium and fully recyclable making them the perfect eco friendly gift.

Our other items such as the sunflowers, poppies, butterflies and bees can have pot, plant stake and wall-hanging attachments that continue to prove extremely popular, adding vibrant colour and interest to pots, gardens and walls throughout the year.

We invite you to visit www.tilnarart.co.uk to explore our full collection. As always, our team remains committed to providing excellent service and an ever expanding, unique and vibrant Fair Trade range.

The ingenuity, creativity and talent of our artists never cease to inspire us and we hope you will be just as impressed by the environmentally friendly new designs we are introducing.

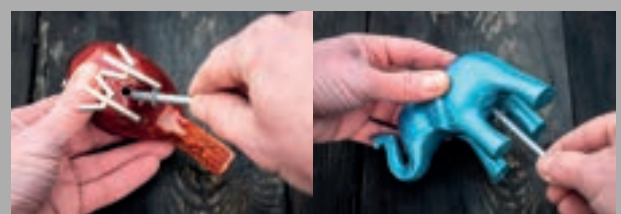

Thank you for your continued support as we navigate this year.

Tilnar Art are a small team of people who do their utmost to give you the best. We try hard to ensure that you receive a product that is handmade, unique and profoundly different to others in the marketplace.

Our aim is to buy high quality, ethically sourced and environmentally friendly products from disadvantaged producers from across the developing world in order to help people trade out of poverty.

We are a relatively small family run business that looks to work with individual artisans and small businesses across the developing world. Tilnar Art is proud to be a member of BAFTS, the British Association for Fair Trade Shops and Suppliers.

Thank you for your support as each purchase not only helps our Fair Trade suppliers, it also is appreciated and makes a difference to our small business.
