LE TOY VAN®

LONDON

We're the Le Vans

let us *introduce* ourselves

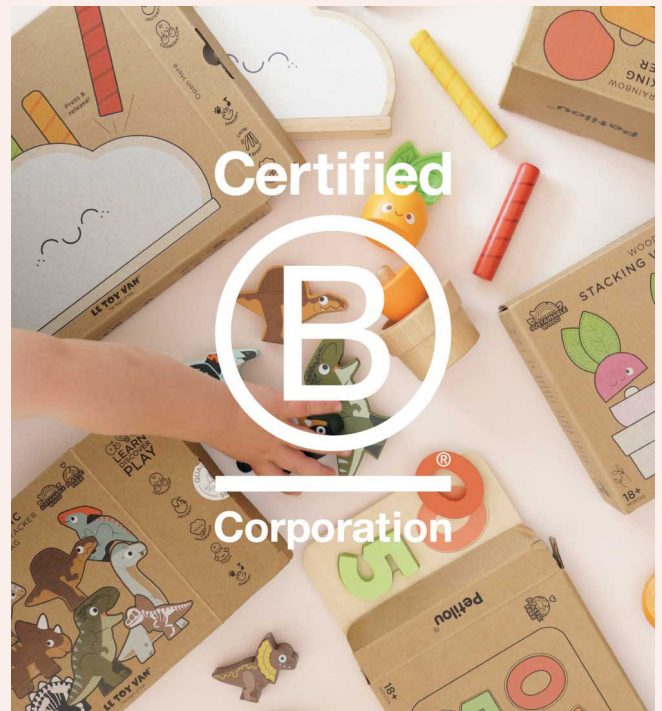

We're Le Toy Van, the family-run toy brand on a mission to spark little imaginations in a big way. Since 1995, we've been making toys that are built to be played with, passed on and loved for years to come.

Thoughtfully designed in the UK and made with sustainability in mind, our toys bring together timeless design, playful storytelling and a touch of nostalgia.

what's *important* to us

QUALITY & DESIGN

We pride ourselves on being a little obsessed with toy design. From the mechanics to the colour choice, we're meticulous creators, which means it can take over a year to develop each toy.

SUSTAINABLE PLAY

We take sustainability seriously and always have. Almost all of our toys are entirely plastic free and we only work with FSC-certified woods, so every piece respects the forest it comes from.

INSPIRING WONDER

Whether it's a teddy tea party, a bustling shop or a world built entirely from imagination, we're here for every moment of play and believe childhood should be full of wonder.

COMMUNITY FOCUS

We love bringing people together through the magic of play. From our charitable partnerships to our growing digital community, we provide toys from our family to yours.
