LE TOY VAN[®]

The Magic of Play

Lookbook 25/26

Welcome to the world of Le Toy Van

Established in 1995

We're a family-run business with a deep-rooted passion for creating sustainable, timeless wooden toys and are proud to be celebrating our 30th year. Our story began when Georges Le Van, our founder, created the first Le Toy Van toy - our beloved wooden dolls house.

Today, the company is led by second-generation husband and wife team Steven and Marie Le Van, continuing the legacy of craftsmanship and innovation.

As we look to the future, we remain committed to crafting high-quality and sustainable wooden toys that bring joy to children and families around the world, staying true to our values and ensuring play that lasts a lifetime.

Sustainable TIMELESS PLAY

We are deeply committed to sustainability, using only FSC™-certified wood (wood from sustainably managed forests) and rubberwood to produce our products. Each toy is thoughtfully designed with care to ensure durability and timeless appeal. By choosing to use ethically sourced materials, we aim to create toys that are kind to the planet and that will also last to be cherished for generations.
