Welcome

The Foxglove Tree is the home of the Botanical Cast Fragrance Diffuser. My name is Clare and I am the person behind this Lincolnshire based small business and the original creator of the Botanical Cast Fragrance Diffuser.

My aim is to capture a small piece of Mother Nature at her most beautiful and allow you to bring it into your home. Every design is made from plants and flowers that I grow here in the Lincolnshire Wolds. Using the delicate process of botanical casting, the raised image of each plant is preserved in all its intricate detail. Each casting is then infused with vegan friendly fragrance oil, transforming them into my Botanical Cast Fragrance Diffusers.

Perfect Gifts

Each product is handmade and individually boxed ready to be posted with ease. Botanical Cast Fragrance Diffusers make an ideal choice for an unusual and special gift idea. They are the perfect way to add fragrance to cars, wardrobes and other small spaces. Each diffuser comes with a 3ml dropper bottle of fragrance oil - to replenish simply add a few drops onto the back of the cast as required, making them sustainable and reusable.

Eco Friendly

We pride ourselves on being an eco friendly company. We grow the vast majority of the plants we use in our products ourselves, with a small amount of flora for specific designs sustainably foraged. This allows us to work alongside Mother Nature and encourage wildlife into our garden. All of our packaging is either recyclable or biodegradable, and our fragrance oils are vegan friendly and cruelty free.

Seasonal Designs

We produce our unique diffusers throughout the year, selecting each plant and flower when they are at their very best. Each design is hand cast from real plants and flowers, preserving each intricate detail in beautiful raised relief.

FRAGRANCE LIST

Each Botanical Cast Fragrance Diffuser is available in the fragrances listed on the following pages. Each box contains a 3ml glass dropper bottle of fragrance oil packaged in biodegradable glassine bag with ingredients label. If you would like further information on ingredients please get in touch. The 3ml top up bottles of oil are available to purchase separately.

APPLE BLOSSOM

A fruity fragrance with top notes of apple, hyacinth, ylang & lemon. Followed by a floral heart resting on a woody base.

AUTUMN DAYS

A warm cosy scent of an autumn afternoon. Zesty orange and lemon brighten the air while cinnamon and clove wrap you in a warm embrace.

BEFORE THE RAIN

A fresh verdant calming fragrance. Capturing the wet pavements of a first drizzle before the heavens open.

BLACK RASPBERRY & VANILLA

A gorgeous fruity floral fragrance. Opening with mixed berries, citruses, apple and pineapple, leading into a soft floral blend of rose, jasmin and violet. Resting on warm vanilla.

BLOSSOM

An oriental floral accord with pink pepper, bitter orange and bergamot leading to heart of lily, jasmin and tuberose. On a bed of incense, vetivert, patchouli and smoked woods.

BRIGHT & BREEZY

A bright & breezy scent, inspired by coastal markets and sunkissed gardens. Top notes of lemon, orange & bergamot. Middle notes Herbs, neroli and mint on a base of musk, amber & moss.

CITRUS SPLASH

A refreshing citrus fragrance where juicy notes of mandarin, lemon and lime are accompanied by uplifting basil and thyme with a hint of lemongrass and spearmint.

COCONUT LIME

Zesty lime teamed with creamy coconut evoking a relaxed tropical afternoon.

ELDERFLOWER & GOOSEBERRY

A mouthwatering fragrance of tart berries with the floral charm of freshly picked flowers.

GARDENIA

Fresh, sweet floral scent of gardenia with cool oceanic and slight berry notes. Rich floral top notes of gardenia, violet & freesia followed by lily, rose & jasmine on precious wood and amber base.

GARDEN PEAR & FREESIA

A fresh and fruity fragrance. With notes of juicy sweet pear, followed by soft florals of freesia and rose supported by patchouli, amber and musk.

HONEYSUCKLE & SANDALWOOD

A fresh fragrance with a top note of tangerine on a middle of honeysuckle. Resting on a base of vanilla and sandalwood.

JASMIN

A distinctive floral jasmine fragrance with a warm and woody base of amber and musk.

FRAGRANCE LIST

LILY OF THE VALLEY

A rich white floral lily of the valley with crisp green top notes.

LAVENDER AND CHAMOMILE

A fresh and relaxing fragrance of lavender flowers warmed by chamomile and a hint of geranium.

LEMON & LAVENDER

A bright fragrance of lemon and lavender. Fresh uplifting notes of eucalyptus, green, tomato leaf, lime and spices.

RHUBARB & ROSE

Crisp mouthwatering rhubarb with hints of elderflower, tea, rose and pineapple. On a base of fruits, musks and woods.

ROSEMARY, MINT & AMBER

A clean uplifting fragrance transporting you to the Scottish Highlands. Mountain air carrying the sharp green of rosemary and the cool mint on a grounding base of amber.

SUMMER ZEST

A sweet vibrant scent combining lemon, verbena and lemongrass.

SWEET ORANGE

Just like a freshly peeled ripe orange. Zesty tangy orange peel fragrance.

THYME, OLIVE & BERGAMOT

A fresh citrus fragrance opening with bergamot and orange, supported by green apple, melon and pineapple. Middle notes of lily, gardenia and rose. Resting on a base of thyme, eucalyptus, patchouli, amber & musk.

VIOLET, LILY & ROSE

A heady fusion of violet, lily and rose with undercurrents of spicy amber, iris and sandalwood.

WARM LINEN

A refreshing clean floral scent with subtle powder and musk. A background of clean ozone and orange flower.

WILD FIG & CASSIS

A rich and full fruity woody aroma with notes of sweet soft figs, juicy apricots, warm rich musk, floral hints, sweet berries, cassis and warm base with cedarwoods, amber and musks.

WOODSAGE & SEASALT

A warm sophisticated fragrance reminiscent of an invigorating coastal walk. Delicate sage and grapefruit enriched by hints of bergamot and tangerine with soft florals.

WINTER

An aromatic spicy scent which opens with orange and lemon followed by rich warm cinnamon, ginger and clove with hints of floral jasmine and fresh pine on a base of sensual woods and musk.

Frequently asked questions about Botanical Cast Fragrance Diffusers

We understand that customers can have a lot of questions regarding new products. So we have put together a list of commonly asked questions. We are always happy to answer any question you may have regarding our products.

Where do I hang them? The diffusers release a subtle fragrance so work best in small spaces, cloakrooms, hallways, wardrobes and cars. They are for indoor use only.

How long does the bottle of fragrance last? Most people add a few drops of oil once a week, so on average the little bottle lasts 1-2 months. This is however very dependent on personal preference as each person likes a different strength of fragrance. It also depends on where you are using the diffuser, the temperature, environment and which scent you have chosen, these elements all contribute to how often you need to refresh your cast.

What happens when I run out of oil? Replacement bottles of fragrance oil are available separately. If your local stockist does not sell separate refill bottles they are available online at www.thefoxglovetree.co.uk

Can I hang it from my rear view mirror? If the customer is using the diffuser in their car I advise that if hanging from the mirror to keep the string short to avoid the diffuser swinging and hitting another part of the car. An alternative is to hang it through the car vent as it is not swinging around and the air flow helps to circulate the fragrance. It is also important to avoid the oil contacting surfaces.

Are the flowers inside the cast? No the flowers and plants are not inside the product; they are all removed with a very steady hand and fine tweezers during the process.

Are the cast made from plaster of Paris? No, we use a specialist blend of sculptural plaster. This has been designed to pick up the intricate detail of the casting, be hard and strong enough to be used as a pretty decoration and formulated to absorb and diffuse the fragrance.

Are the diffusers made in the UK? We are a small business based in the Lincolnshire Wolds in the UK. All of the diffusers are made by hand in Lincolnshire, UK.

Where are the flowers and plants sourced from? The majority of plants and flowers used in our botanical casting process are all grown by ourselves in our Lincolnshire garden. A few elements have been sustainably foraged from the local countryside with the landowners permission.

Are your products vegan? Yes. The fragrance oil we use is vegan friendly and cruelty free.

Is your packaging recyclable? The boxes, packaging paper and glassine bags are all biodegradable. The bottles containing our fragrance oil are recyclable.

Does the oil discolour the plaster? It is recommended to add the fragrance drops to the back of the diffuser. Some fragrances due to their ingredients are not completely clear. So over time the plaster may start to change colour. We have found when this does occur that it makes the diffuser look more like an original botanical casting and can add more interest and definition to the cast.

Can I change the fragrance? If you allow the first fragrance to completely fade a second different fragrance can be added. There may be a period where the fragrances combine before the second fragrance becomes dominant. It is recommended that you choose a stronger fragrance as the second scent as this process will not work if the first fragrance is a very strong scent.

Are all the casts identical? All items are made by hand so will vary slightly in thickness and shape.
