Our Vision

*To make reflective wellbeing part of
everyday life.*

We envision a world where taking time to pause, reflect, and reconnect with yourself is as routine as planning your day. Through beautifully designed products and meaningful experiences, we aim to make evidence-informed wellbeing accessible, practical, and inspiring—helping people live with greater intention, resilience, and purpose.

ABOUT US

SATIREV is a creative wellbeing brand that brings together science, creativity, reflection, and meaningful human connection. Our products and experiences are designed to support emotional wellbeing, encourage self-reflection, and help people create moments of intention in their everyday lives.

Born from a love of art, storytelling, and anthropology, SATIREV was created to inspire curiosity, nurture imagination, and encourage people to make time for themselves. Through guided journals, intention-setting tools, creative resources, and wellbeing experiences, we help individuals reflect, grow, and connect with what matters most.

Everything we create is designed with a simple philosophy: wellbeing should be accessible, realistic, and sustainable. Rather than focusing on perfection or relentless productivity, our products encourage people to celebrate progress, acknowledge challenges, and approach personal growth with self-compassion.

Art. Storytelling. Wellbeing. Connection.

OUR STORY

SATIREV was founded from the belief that wellbeing should be realistic, accessible, and rooted in both science and creativity.

Created by a former dancer, Sports Therapist, and Musculoskeletal Physiotherapist, SATIREV draws upon professional healthcare experience, lived experience of chronic illness and disability, and a lifelong passion for art, storytelling, and human connection.

The brand began as a creative community project sharing the lived experiences of people affected by endometriosis through art and literature. Through this work, it became clear that many traditional wellbeing and productivity tools fail to reflect the realities of everyday life, where energy, confidence, emotions, and circumstances naturally fluctuate.

Today, SATIREV creates journals, intention-setting tools, creative resources, and wellbeing experiences that support reflection, self-discovery, and personal growth—helping people reconnect with themselves and create a more intentional future.

OUR VALUES

SCIENCE-LED

01.

Every product is thoughtfully developed using evidence from healthcare, psychology, behaviour change, and reflective practice.

CREATIVITY WITH PURPOSE

02.

We believe creativity is a powerful tool for self-expression, wellbeing, and personal growth.

AUTHENTICITY OVER PERFECTION

03.

Our products embrace real life, creating space for every emotion — not just happiness.

PEOPLE FIRST

04.

We are committed to supporting our customers, communities, retail partners, and team with compassion and integrity.

SUSTAINABILITY

05.

From reusable products to eco-conscious packaging and local manufacturing, we continually strive to reduce our environmental impact.

Premium Reusable Vision to Reality Collection

Our Premium Reusable Vision to Reality Boards are produced using 3mm Opal Acrylic, a matte white acrylic that provides a soft, elegant appearance with a beautifully diffused finish. Designed to complement a variety of environments, including home offices, bedrooms, kitchens, living spaces, and workplaces, the boards are perfect for hanging on a wall, leaning against a wall or shelf, or displaying on an easel or stand. Combining functionality with stylish design, they serve as both a practical planning tool and an attractive decorative feature.

Designed for repeated use, the boards are suitable for use with water-based chalk pens and water-based whiteboard pens, making them ideal for goal setting, planning, visualisation, and personal development activities.

To maintain the board's appearance and longevity, we recommend cleaning with a microfibre cloth. For more thorough cleaning, a slightly damp microfibre cloth may be used. Avoid abrasive cleaning products or materials that may scratch the surface.

The boards can be displayed on walls using damage-free hanging solutions, such as Command™ Strips or similar no-nails wall mounting products.

Our standard board size is A3, providing ample space for creativity and planning. However, we can also produce Vision to Reality Boards in a range of larger or smaller sizes to suit individual requirements.

Custom sizes and bespoke printing options are available upon request.

Retail-Ready Presentation

All Premium Vision to Reality Boards are supplied retail-ready and suitable for immediate shop floor display. Each board includes a removable information sheet on the reverse, featuring product information and a unique GTIN-13 barcode for easy retail management and inventory control.

Available Designs

Our Premium Vision to Reality Boards are available in the following exclusive design collections:

- Starry Night
- Exotic Flowers
- Classic Navy

Available Formats

Each design is available in the following Vision to Reality formats:

- Tally Chart
- Bingo Card
- 12-Month Plan
- Bucker List

These reusable boards offer customers a premium and sustainable alternative to paper-based planning tools, combining functionality, inspiration, and beautiful design in a format that can be used time and time again.

Vision to Relaity Boards

Take control of your goals, habits, and future with our thoughtfully designed collection of goal-setting tools, manifestation planners, and memory & milestone trackers.

Built to bring clarity, structure, and intention into your everyday life, each piece is designed to help you stay consistent, feel motivated, and actually follow through — turning ideas into real progress.

Whether you're building better habits, planning your next chapter, or capturing meaningful moments, this is your space to focus, grow, and create a life that feels aligned.

My Bingo Card: Moments That Matter

A playful yet purposeful tool to help you plan adventures, explore new hobbies, prioritise self-care, and celebrate meaningful

Perfect for:

- Solo time – focus on self-care, personal growth, and doing things that bring you joy
- Family fun – create shared experiences, build traditions, and make lasting memories together
- Date nights – spark creativity and connection with thoughtful, fun, or spontaneous activities
- Friendship goals – plan catch-ups, adventures, or meaningful moments with friends

This flexible and customisable tool can be adapted to suit any lifestyle, mood, or goal. Keep it simple or make it ambitious—the choice is yours.

Choose your challenge level:

- 9 squares – perfect for a relaxed, achievable experience
- 16 squares – ideal for those looking for a more engaging challenge

Whether you complete it in a week, a month, or over a season, your bingo card becomes a visual reminder of the moments that matter most.

Make time for what truly counts—your moments, your way.

My Tally Chart: Celebrating the Little Wins

A simple yet powerful habit tracker designed to bring awareness, consistency, and positivity into your daily life. This thoughtful tool helps you focus on the small actions that often go unnoticed—but make the biggest difference over time.

More than just a tracker, it's a visual reminder that progress doesn't have to be perfect to be meaningful. Whether you're building habits around journaling, movement, rest, work, wellbeing, or staying on top of everyday chores, each tally mark represents a step forward—no matter how small.

Turn routine tasks into a source of motivation and achievement. From tidying up and doing the washing to completing daily responsibilities, this chart helps make chores feel more manageable, rewarding, and even satisfying as you see your progress build day by day.

Designed to be flexible and easy to use, it can support a variety of lifestyles and goals. Use it for solo self-growth, as a gentle way to encourage shared responsibilities within the family, or even as a fun and motivating tool to stay on track with a partner or friends.

As your tallies grow, so does your confidence and momentum. Over time, this chart becomes a reflection of your effort, commitment, and progress—showing just how far those little wins can take you.

Perfect for:

- Building and maintaining positive daily habits
- Staying motivated to complete chores and daily tasks
- Encouraging consistency without pressure
- Supporting wellbeing, productivity, and balance
- Tracking shared goals with family, partners, or friends
- Celebrating progress in a simple, visual way

Because lasting change isn't made in one big moment—it's built through the little wins, every single day.

My Bucket List: Dreams Do Come True

Turn your dreams into action and your ideas into reality. This thoughtful and reflective board is designed to help you define what truly matters to you, set meaningful goals, and create a clear path towards achieving them.

More than just a list, it encourages you to take the next step—make a plan, set a date, and commit to bringing your dreams to life. Whether it's a big adventure, a personal milestone, or a simple experience you've always wanted to try, this board helps you move from "someday" to today.

As you begin ticking off each goal, your bucket list transforms into something even more powerful—a visual reminder of everything you've achieved. What once started as a dream becomes a collection of real moments, memories, and accomplishments you can look back on with pride.

Because dreams aren't just meant to be imagined—they're meant to be lived.

My 12-Month Plan: Change Your Life, One Goal at a Time

A structured, big-picture planner designed to help you turn your intentions into meaningful action across the year. This thoughtful tool guides you in setting clear goals, staying focused, and building consistent habits—because real, lasting change happens step by step.

More than just a planner, it's a space to map out your journey. Break your dreams down into achievable milestones, track your progress month by month, and stay motivated as you move closer to the life you want to create. Whether your focus is personal growth, career ambitions, health and wellbeing, relationships, or new experiences, this plan helps you stay aligned with what truly matters.

As the months unfold, it becomes something even more valuable—a reflection of your journey. Each goal reached, each challenge overcome, and each moment of growth adds to your story. By the end of the year, you won't just see what you planned—you'll see how far you've come.

Perfect for:

- Personal development and self-growth
- Career and financial goals
- Health, wellness, and lifestyle changes
- Planning adventures, milestones, and meaningful experiences
- Reflecting on progress and celebrating achievements

This is your year, your pace, your story—written one goal at a time.

My Adventures & Achievements: My Story So Far

A creative, display-worthy board designed to capture your journey as it happens. With blank squares ready to be filled, it's your space to document adventures and achievements in your own way—through photos, drawings, artwork, or handwritten notes.

Record the moments that matter, from big milestones and exciting experiences to everyday wins. Add dates, places, and meaningful details to bring each memory to life and create a visual story you can look back on with pride.

Perfect for all ages, children can use it to showcase their achievements and build confidence, while adults can capture life highlights, accomplishments or treasured memories.

Whether for personal growth, family memories, or celebrating success, this board turns your experiences into something you can see, share, and treasure.

Perfect for:

- Documenting adventures, milestones, and personal achievements
- Creating a visual memory board with photos, drawings, or notes
- Encouraging children to celebrate their progress and experiences
- Showcasing sporting achievements and event participation
- Recording dates, places, and meaningful details
- Capturing family moments and shared experiences

Because your story deserves to be seen, remembered, and celebrated—one square at a time.

Journals

ONE PAGE. FOUR STEPS. FIVE MINUTES. FOR 100 DAYS.

Awaken & Align

Start your day with clarity, purpose, and intention.

This guided morning journal helps you clear mental clutter, strengthen self-awareness, and focus on what matters most—without the pressure of perfection.

Built around four simple steps—Awaken • Align • Achieve • Aspire—it helps you:

- Clear your mind
- Define who you want to be
- Focus on your priorities
- Stay connected to your goals

Undated and designed for real life, Awaken & Align fits around busy schedules, changing energy levels, and imperfect routines.

A simple daily practice to help you feel calm, focused, and aligned.

4-Part Clarity Journalling is a simple, guided evening journal designed to help you clear your mind, process your emotions, and end each day with calm and clarity.

Built around four simple steps — Reflect, Release, Reframe, Refocus — this journal guides you to clear your mind, acknowledge how you feel, write a daily identity statement that reinforces your values and actions, and plan one achievable step for tomorrow.

Created for real life — busy days, fluctuating energy, imperfect routines — this undated journal removes pressure and perfection. Just five minutes each night can help reduce overthinking, build self-trust, strengthen self-esteem, and improve emotional clarity.

Supporting a calmer mind before sleep.

All journals are produced in hardback format and assigned an individual ISBN. They are printed on 170gsm uncoated paper and finished with head and tail bands and a ribbon marker for added quality and functionality.

Customisable products tailored to your brand

Minimum order quantities apply depending on the product and whether items are individually packaged or supplied unpackaged. Please get in touch to discuss your requirements—we'll work closely with you to bring your vision, branding, and artwork to life.

All of our Vision to Reality cards and journals can be fully customised to your bespoke requirements. We can even create a completely unique and meaningful journal tailored to your desired outcomes.

We work closely with you to bring your vision to life — whether your products are intended for retail, customer gifting, or as thoughtful gifts for staff members and clients.

We created a range of Vision to Reality cards for The American End of Endo Project's birthday campaign. The cards were designed as part of the organisation's fundraising merchandise and were adapted to reflect their logo, branding, and colour scheme. To help keep production costs low, the organisation chose to forgo additional packaging and produce the cards as a standalone product.

Trial Packs

Our Trial Packs are a great way to introduce the Vision to Reality range into your store. They are ideal for smaller stockists, retailers wishing to test customer demand, or businesses looking to explore the collection before committing to a larger wholesale order.

Please note: There is no minimum order value when purchasing one or more Trial Packs. All Trial Pack prices are exclusive of postage and packaging (P&P).

Retail Activation Experience Session

Our Retail Activation Experience Session is designed for retailers wishing to engage their customers, guests, or team members through an immersive and meaningful journalling or / and vision to reality experience. These sessions introduce the Vision to Reality collection and our journals in a hands-on format, supporting product understanding, customer engagement, and retail sell-through.

Option 1: Hosted Workshop Session:

A structured one-hour workshop for up to 15 participants.

These workshops can be offered as a staff wellbeing experience, customer event, VIP gathering, or community engagement activity. Workshops can be focused on one of our products or as a wellbeing session to support personal goal setting, self-development, and growth.

Option 2: Pop-Up Engagement Session:

Our pop-up engagement sessions allow customers to drop in throughout the day and interact with the Vision to Reality collection at their own pace.

During the session, participants are introduced to the principles behind the range and are guided in creating:

- Identity Statements
- Manifestation Statements
- Action Statements

We explain how each statement works, why it is valuable, and how it can be used alongside the Vision to Reality products to support goal achievement, personal development, and positive action.

Option 3: Bespoke Store or Event Experience

We recognise that every retailer, venue, and audience is unique. Our bespoke activation experiences can be tailored to suit your customer demographic, store environment, staff development objectives, seasonal campaigns, promotional activities, or specific event themes.

Whether you are hosting a customer appreciation event, wellbeing initiative, networking event, product launch, or themed retail experience, we can work with you to create a customised Vision to Reality session aligned with your objectives.

Partnership & Promotional Opportunities

Retail Activation Experience Sessions are available upon request or as part of a wider partnership with our brand.

To discuss availability, partnership opportunities, or how a Retail Activation Experience Session can be customised for your customers, guests, staff members, or event, please contact us

Attend networking drinks

Your own challenge to complete at the show

Write a postcard to a friend / loved one at our stand

Enjoy the sunshine at the alfresco bar.

Discover a brand, supplier, or product that you truly love.

Capture a photo in the VIP area.

Tick off the squares, complete your card, then head back to us for a prize!

Complete your card by ticking off the squares, then return to SATIREV at C-C301 to claim your prize! Remember to take photo evidence (perfect for your Instagram reel or company newsletter), as proof of completion may be requested depending on our busyness upon your return. We also encourage you to get creative with your accomplishments! If you missed the official networking drinks, consider organizing your own and connecting with one new person over a drink, or even just having a chat with someone at the alfresco bar. And even if you're not a VIP... yet, there will still be a way to snag a photo if you think outside of the (VIP) box.
