HANDCRAFTED JEWELLERY

## WHOLESALE Autumn / Winter 2026

I'm Amy, the founder and designer behind every pair of our handcrafted earrings. I started Make because I couldn't find earrings that were bold, lightweight and kind to sensitive ears. so I made my own.

At Make & Me, I've built a brand that celebrates individuality and quality. Each pair of earrings is thoughtfully handcrafted to ensure every piece is **unique** - no two are exactly alike.

Using surgical-quality steel, my designs are **hypoallergenic, lightweight**, and perfect for sensitive ears.

I started Make over four years ago as a busy mum searching for earrings that were stylish, comfortable, and versatile. When I couldn't find them, I decided to create them myself.

Today, my business focuses on providing **affordable, fashionable** jewellery that help people feel confident and effortlessly put together.

Make's designs have a broad appeal (from dainty studs to bold statement pieces) making them ideal for shoppers seeking something special.

I'm passionate about sharing these handcrafted creations with more people, and I would be thrilled to bring them to your audience.
