Useful stuff

Upstairs Collection

Cashmere

Renowned for natural warmth and extra softness

Silk

Unparalleled smoothness and strength

Wool

Natural fibre conferring warmth and cosiness

Latex

Latex is the semi-natural alternative to memory foam. A healthy and cool way to provide the yielding support we love. Latex features 20% graphite, 40% synthetic latex and 40% natural latex.

FR Chemical Free Fabric

The heat-set cover is made from a twin viscose yarn, designed for comfort and with inherent FR properties. No finishing chemicals need be applied. Safe and pure.

Tencel®

An exquisite alternative to cotton, Tencel® fibre is part-botanical and renowned for its softness and strength.

Silver

Naturally antibacterial providing a hygienic sleep environment. Prevents occurrence of unpleasant odour and is naturally anti-static

Aloe vera

This soothing extract is supersoft with skin-nourishing qualities. The natural gel gently cleanses and protects skin against the damaging effects of the environment and stimulates new growth.

Cooler

Excellent heat transfer qualities allow the body to lower its temperature for sleep, despite high ambient temperatures, so falling and staying asleep is quicker, easier and more relaxing.

Bamboo

Eco-friendly soft bamboo yarn is absorbent to keep the sleeper cool and dry. Good for the circulation with its negative ions, bamboo yarn is resistant to pests, fungi and bacteria – the trigger for many allergies.

Passionflower

Passionflower has long been known to manage anxiety and mild sleep irregularities, promoting relaxation and wellbeing

Copper

Copper is anti-bacterial and anti-fungal to ward of allergies. Stimulating blood flow, it aids circulation and soothes joint problems. Copper also absorbs electro-magnetic fields thus reducing stress

Pocket-Air Springs

It's an ingenious system; standard pocket springs are alternated with shorter ones. As the sleeper's weight presses down, the contraction of the shorter springs allows the volume of air to increase. It makes for a luxurious, flexible feel balanced somewhere very comfy between soft and supportive – two sleepers of different builds will find Pocket Air especially attractive.

Recycled Fabrics

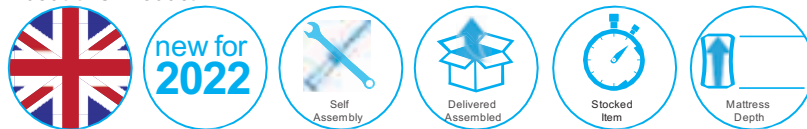

Our new recycled fabric range Meadow, is made from yarn created out of used PET plastic bottles. 100% polyester, this innovative new fabric combines new technological advances with a reduction in waste. It stops waste plastic from polluting our oceans, helping to both protect marine life and the environment.

Every linear metre of fabric uses 820g of plastic. Other features include a Halogen-Free fire-retardant composition and passes all UK and EU flame retardancy requirements.

Meadow is OEKO-TEX certified to STANDARD 100 and it carries the Control Union's Scope Certificate for Global Recycled Standard (GRS).

Mattresses

Hand Crafted Pocket Page 0

Featuring a true hand-side stitch mattress border and hand tufting. Beds in this luxury collection feature FR chemical-free fabric to the mattress, for a 'pure' yet safe sleeping experience.

Premium Pocket Page 0

Pocket Air springs, long been appreciated for their 'lighter than air' sleep sensation. Plus, natural fillings, pillowtops and premium, superhigh spring counts of up to 5000 springs.

Well Being Pocket Page 0

Beds with healthy stories! Our beautiful Well Being beds feature covers with health-promoting properties, quality fillings and pocket springs.

Traditional Pocket Page 0

Exclusively pocket spring beds with superb finishing and quality fillings. Luxury through and through.

Encapsulated Pocket Page 0

This collection features foam-encapsulated springs and fabulous fillings and covers. To sleep in one of these beautifully finished beds is not only reassuring, it's also very comfortable.

Bonnell Collection Page 0

Firm support with 13.5 and 12.5 gauge bonnell springs and firmer fillings. A wide choice of beds to suit all budgets.

Frames & More

Divan Bases Page 0

Meadow, Ridley and Artisan upholstered divan bases with multiple storage options.

Headboards & Accessories Page 0

An amazing choice of headboards in many styles and finishes. Accessories to finish off the bedroom story.

Adjustables Page 0

Fabulous adjustable beds offering plenty of choice in mattress and base. Our adjustable systems are an option to a number of bedframes too.

Contract Page 0

Designed and produced to the exacting specifications of the contract industry,

Bedframes Page 0

A wide collection of UK made Upholstered TV frames, and Bedframes, plus our ever growing range of upholstered hybrid divan bases, with high and low footend options and TV ready versions too.

Bunks & Spacesavers Page 0

Bunks to cover most age groups.

Sofabeds Page 0

A selection of sofabeds featuring clever corners, easy actions and classic designs

What makes Sweet Dreams special?

Choice

We remain one of the largest independent family bed manufactures and we offer a range designed to meet our retailers wide and varied needs.

Our UK made divans, headboards, mattresses, frames and sofabeds offer a diversity of style and price point all on the same speedy delivery service we are renowned for given that we only manufacture to order.

Delivery

We have always set great store by our delivery times and it remains an aspect to our business that we're proud of.

Our own-manufactured product is made to order and delivered within 10 working days to most areas of mainland Britain.

Goods that we bring in from other suppliers, such as wooden or fabric bedframes, and sofabeds, we keep in stock and these can be delivered in 3-5 days or collected on the next day – or same day if orders are placed before 9.30am. In addition we provide a direct home delivery service.

Staff

We're proud of our hardworking staff from the cleaner through to receptionist, sales, customer service, accounts, transport, loading and production, their commitment to this company is second to none and is greatly appreciated.

Meanwhile, our network of sales agents continues to highlight the products you might find attractive propositions in your store and to answer your queries and provide the service you need.

Compliance

Compliance is a critical factor in manufacturing goods for the British marketplace – perhaps the most essential – and Sweet Dreams has always paid huge attention to this, and boasts an excellent record to prove it. We have our own product testing facility and are proud to say that this is SATRA accredited.

We are proud to say that we are a member of National Bed Federation. Our UK manufactured headboards, divan bases, bedframes and sofabeds are now FSC® certified, look out for the logo on each product page.

Dear Customer

Upstairs collection Autumn 2022

Dear Customer

Welcome to our new Bedroom brochure for 2022 – 2023!

In spite of the many challenges that we have all had to face over the last few years Sweet Dreams is ready, willing and able to supply our customers with new and innovative products. To this end it gives me great pleasure to launch the 2022/2023 bedroom brochure. Inside you will see that we have launched many new products which we feel is necessary in order for us to differentiate ourselves from our competitors.

We have seen a growing trend from customers looking for UK manufactured products and as such we took the decision to reduce our imported items and to add more styles to our own manufactured frames giving you the retailer more choice with a much-reduced lead-time.

Following our recent FSC® accreditation we are now looking at how we can become a more sustainable business and how we can reduce our impact on Global warming.

We believe the way forward is to manufacture and buy British products and we hope that the items you find inside this brochure meet with your approval and give you the opportunity to grow your business which of course can only be positive for Sweet Dreams Ltd.

Riaz Ahmed,
Managing Director and Founder of Sweet Dreams

Meadow Recycled Fabric

Headboard Collection

new for 2022

Our new **recycled fabric** range **Meadow**, is made from yarn created out of used PET plastic bottles. 100% polyester, this innovative new fabric combines new technological advances with a reduction in waste.

It stops waste plastic from polluting our oceans, helping to both protect marine life and the environment.

Every linear metre of fabric uses 820g of plastic. Other features include a Halogen-Free fire-retardant composition and passes all UK and EU flame retardancy requirements.

Meadow is OEKO-TEX certified to STANDARD 100 and it carries the Control Union's Scope Certificate for Global Recycled Standard (GRS).

These designs are available in the Meadow fabrics only

Pillows & Duvets

Accessories Collection

Memory Foam

Memory foam for the pleasing combination of excellent support and soft, yielding comfort.

Our Memory Foam pillow features:

- Particle memory foam
- Soft quilted cover

Cooling Gel

The gel pad within the pillow is activated when pressure is applied, shifting the position of the gel molecules so they absorb heat away and the sleeper stays blissfully cool.

Our Cooling Gel pillow features:

- Gel pad
- Air holes all the way through for healthy air circulation
- Knitted cover to keep the pillow cool and well ventilated
- Removable, machine-washable zipped cover

Memory Contour

Memory foam for excellent support and soft comfort. The contour element helps people who find it difficult to find a comfortable neck position while sleeping, correctly aligning the spine and head for a good night's rest.

Our Memory Contour pillow features:

- Memory foam
- Contour shape
- Removable, machine-washable zipped cover

Contour Gel

Gel inside for keeping the sleeper blissfully cool. The contour element helps people who find it difficult to find a comfortable neck position while sleeping, correctly aligning the spine and head for a good night's rest.

Our Contoured Gel pillow features:

- Gel for cool comfort
- Contour shape
- Removable, machine-washable zipped cover

Comfort

Our popular, everyday pillows provide different levels of support. A softer feel for Comfort containing hollowfibre quality fillings finished with a fresh polycotton cover.

Comfort (sold as a pair)
sold in packs of 8
Size: 18" x 28"
Weight: 450g per pillow

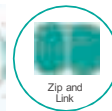

Bounce

A more resilient, fuller feel for Bounce containing hollowfibre quality fillings and finished with a fresh polycotton cover.

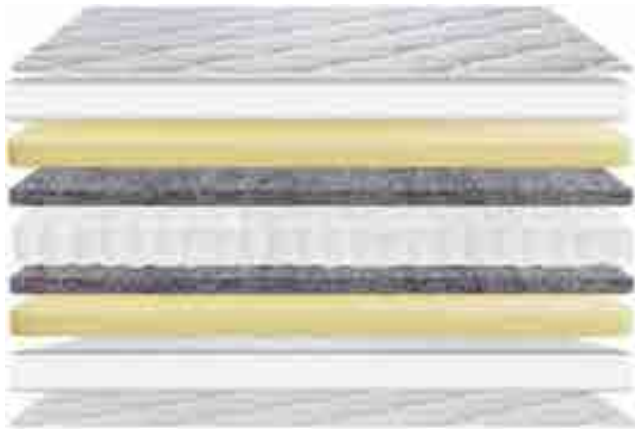

Bounce (sold singly)
sold in packs of 10 individual pillows
Size: 19" x 29"
Weight: 700g
