

Holidays & Christmas 2023

Noor & Katu work in partnership with small fair trade projects in Armenia. We partner with World Fair Trade Organisation accredited producer groups. Thus, these projects offer life changing work opportunities and fair wages in employment for marginalised women, refugees and others with disabilities. All products are handmade by our partners in Armenia. Our ethos is to provide high quality products that create a sustainable impact. It's creative giving with a conscience

Hand-Painted Wooden Ornaments

Anna, Satenik and Arusyak are teachers at the Koghb Art School. They are the talent behind the Yereqnuk Handicrafts Project established in 2007. Their goal is to develop applied arts, create quality products and create jobs. Yereqnuk delivers thousands of products every year, mostly hand-painted decorations and accessories, including hand-painted letter ornaments. These motifs as well as the alphabet letters are inspired by ancient carvings on monasteries, cathedrals and illustrated manuscripts in Armenia.

Made by Syrian Armenian Refugees

Maral and her family came to Armenia from Aleppo in 2015. She is one of the premier producers of fine products using traditional Armenian embroidery techniques from historic Armenia combined with handmade felt. Today she employs other Syrian Armenian women as a result of the high demand for her products.

Terms of Doing Business

As a non-profit, fair trade company that tries to serve its producer partners in rural Armenia in a fair way, we are proud to present you with this catalogue.

You can order any individual item you want. You are not bound to our package sizes or product combinations. Special variations of the products can be ordered, but this means a minimum order of 500 pieces will be in effect apart from coasters and magnets which are 250 pieces.

Prices are FOB in GBP and valid until December 31st, 2023. Prices do not include labels or bags. Sorry, no free samples.

Prices in the catalogue are based on small order quantities per order line. If you want larger quantities, let us know. We can talk price.

We operate with a minimum order quantity of 250 and do not charge shipping on orders over £350.00

Our products are not made in a factory, they are made in 235 homes across Armenia. If you want very large quantities, we need to agree on a realistic delivery plan. Our largest delivery to date was 84.000 pieces, which was smoothly executed.

Most natural wool is sourced locally. Yarn is imported and mostly acrylic. Fabric is imported and mostly a mix of cotton and acrylic. Wooden products are laser cut, using imported plywood.

50% advance payment is due upon ordering - a fair trade principle. 50% balance payment is due upon receipt of goods

Orders are payable to:
