AUTUMN
WINTER
2023

Welcome to Autumn Winter 2023!

With over 200 new SKUs across Halloween and Christmas (our biggest ever Autumn Winter collection!) there's so much to be excited about this season.

This Halloween we're bringing you four new ranges: our first kids' collection Boo Crew, a Deadly Soirée dining experience, Pumpkin Spice elevating home decor, and Bad Blood with killer accessories.

Celebrate this festive season with our new Christmas collections - from luxury velvet, warm neutral tones and cosy winter whites, to bright colours and family friendly decorations - there's a style for everyone!

BRAND NEW for 2023 is our exciting new sub-brand **The Little Rays**, our very first children's dress up collection. We're starting with Halloween and Christmas outfits to bring even more magic to the Autumn Winter season.

As a brand we're not only committed to bringing the most forward-thinking, innovative trends and products to market, but also doing this in a sustainable way. Take a look at how...

Our Eco Journey

We've been working hard to make our products more eco-friendly, and for us to be more transparent.

Throughout all of our product development, we're entirely focused on recycled materials, reusable products, and sustainability.

We're being transparent and making our messaging on packaging and our website clear so our customers know exactly what is and isn't recyclable - and this season we've updated our roundels to make our messaging as straightforward as possible:

We will continue to innovate products in the most sustainable way - we have loads more we want to achieve, and we are looking forward to the future!

Pumpkin Spice

NEW Halloween Collection

Give them pumpkin to talk about with our new Pumpkin Spice collection - bursting with all the home decor you need this autumn

89% of the packaging in this collection is fully recyclable and 74% is FSC certified

NEW for 2023

SPI-114
