

**LE CHOCOLAT
DES FRANÇAIS**

COLLECTION → SEPTEMBER 2025

3 FRIENDS

AND A CRAZY IDEA

A CHOCOLATE LIKE NO OTHER

Matthieu, Paul-Henri, and Vincent embarked on a daring idea: to create **a chocolate like no other**—one that **surprises, amuses, and treats** the entire world. A chocolate that makes you smile, one that is not only incredibly tasty but also beautifully designed.

THE GOOD TASTE & THE GOOD LOOK

Mad about both art and chocolate, they decided to combine their two passions to create their dream product. It was settled: at the intersection of art and indulgence, each product would be **made in France** from **rigorously selected natural ingredients**, then carefully wrapped in **packaging designed and signed by an artist**. More than just chocolate, these are small pieces of art truly irresistible.

THE ULTIMATE GIFT

Paris, New York, Tokyo, Londres, Hong Kong, Berlin... With a presence in over **1,500 department stores, concept stores, museum shops, and high-end gourmet shops**, Le chocolat des Français is establishing itself as the **must-have chocolate brand in the gift universe**.

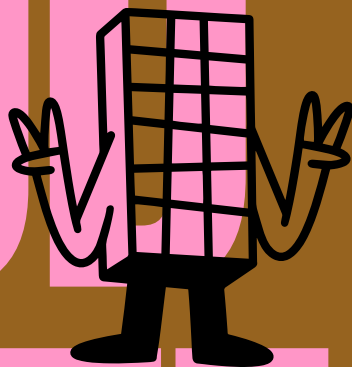

OUR MISSION ↓

SURPRISE AMUSE & TREAT

THE WHOLE WORLD

THE GOOD TASTE

FOR GOURMETS & FOODIES

When it comes to quality, we make no compromises: our chocolates are **crafted in France** using **natural** or **organic** ingredients. Always 100% **pure cocoa butter**, always **free of palm oil**, and always **without colorants** or **preservatives**.

It's not surprising that our creations are regularly awarded in the **most prestigious competitions**, both in France and internationally: Great Taste Awards, European Chocolate Awards, Prix Épicure...

This commitment to quality has allowed us to collaborate with some of the **greatest French chefs**, including Thierry Marx**, Marc Veyrat**, Dorian Tudeau, Pierre Augé... And many more to come!

THE GOOD LOOK

A FEAST FOR THE EYES

At Le chocolat des Français, we believe that to taste good, it must first look good. After all, you eat with your eyes first! Breaking away from the often too traditional codes of the chocolate world, all our packaging is **designed and signed by artists**.

Illustration, comic art, street art, editorial cartoons... The styles are diverse, but the passion is the same: bringing color (and a lot of good vibes) into your daily life! To date, nearly **750 artists** have turned our adventure into a beautiful and large family.

The cherry on the cake? Our packaging has won awards at all **major festivals dedicated to creativity!**

750 ARTISTS HAVE ALREADY WORKED WITH US.

EVERYWHERE

TREATS CRAFTED ALL OVER FRANCE

In France, chocolate has always held a special place when it comes to craftsmanship. With all due respect to our Belgian and Swiss friends, the **best chocolatiers in the world are indeed French**, and we intend to make that known!

Determined to promote this expertise worldwide, we traveled across France to **select the finest producers of each expertise** and develop wonderful recipes together.

Chocolate bars in **Avignon**, praline clusters in **Strasbourg**, chocolate-covered dried fruits in **Marseille**, truffles in **Angers**... Conceived with love in Paris, our recipes find their soul in the French regions.

OUR COMMITMENTS

80% OF OUR RANGE IS ORGANIC

the trees which grow our cocoa beans are cultivated through **agroforestry**. This means combining trees, crops, or animals on the same plot, creating a sustainable ecosystem that **respects biodiversity**.

100% RECYCLABLE PACKAGING

For our packaging, we use various materials, all of which are **fully recyclable**: paper and cardboard (from sustainably managed forests), aluminum, tinplate, and a small amount of PET, which is 100% recyclable in a closed-loop system.

DONATIONS TO LES RESTOS DU CŒUR

All good things come to an end, and chocolate is no exception. In case of overstock, and before the best-before date of our chocolates approaches, we **donate them to the association "Les Restos du Cœur"**, with whom we have been collaborating since the very beginning.

SUPPORT FOR PROFESSIONAL INTEGRATION

In ESAT (Establishments and Services for Work Assistance) we work with, teams support **people with disabilities** who cannot work in traditional settings by offering them adapted professional activities. It is their dedicated hands that package our chocolates.

THE ORGANIC

CHOCOLATE BARS

ORGANIC CHOCOLATE BARS

SWEET MILK CHOCOLATE, 41% COCOA

Who said milk chocolate is always too sweet ? With 41% cocoa, this recipe will take you back to your childhood. A nostalgic treat that that will bring back memories of you childhood.
