UNLIKE-ANY-OTHER CHOCOLATE

Matthieu, Paul-Henri and Vincent set out with a bold idea: to create a chocolate unlike any other, one that surprises, delights and indulges people all over the world. A chocolate that makes you smile, both incredibly delicious and irresistibly beautiful.

THE GOOD & THE BEAUTIFUL

Passionate about art and chocolate, they decided to unite their two loves to create the product of their dreams. At the crossroads of art and indulgence, each creation is made in France using carefully selected natural ingredients, then wrapped in a case imagined and signed by an artist. More than just chocolate, these are truly little works of art to be devoured.

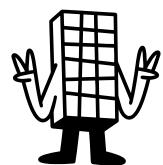

THE MUST-HAVE GIFT

Paris, New York, Tokyo, London, Hong Kong, Berlin... With a presence in a network of 1,500 department stores, concept stores, museum shops, hotels and selective delicatessens, Le Chocolat des Français has established itself as the must-have chocolate brand in the world of gifting.

3 FRIENDS AND A CRAZY IDEA

THE GOOD TASTE

FOR FOOD LOVERS & CONNOISSEURS

When it comes to quality, we make no compromises. All our chocolates are **crafted in France** using **natural** or **organic** ingredients. Always 100% **pure cocoa butter**, always **palm oil free**, and always without **artificial colors** or **preservatives**.

It is no surprise that our creations are regularly awarded in **the most prestigious competitions** in France and internationally: Great Taste Awards, European Chocolate Awards, Prix Épicure...

This high standard has allowed us to collaborate with some of **France's greatest chefs**: Thierry Marx**, Marc Veyrat**, Dorian Tudeau, Pierre Augé... with many more to come.

OUR AWARDS

THE GOOD LOOKS

A FEAST FOR THE EYES

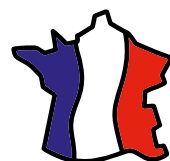

At Le Chocolat des Français, we believe that for something to taste good, it must first look beautiful. By shaking up the often very traditional codes of the chocolate world, **all our packaging is imagined and signed by artists**.

Illustration, comics, street art, press cartoons... To date, nearly **750 artists** have turned our adventure into one big, beautiful family.

And the icing on the cake: our packaging has been awarded at the **world's leading festivals dedicated to creativity**.

OUR AWARDS

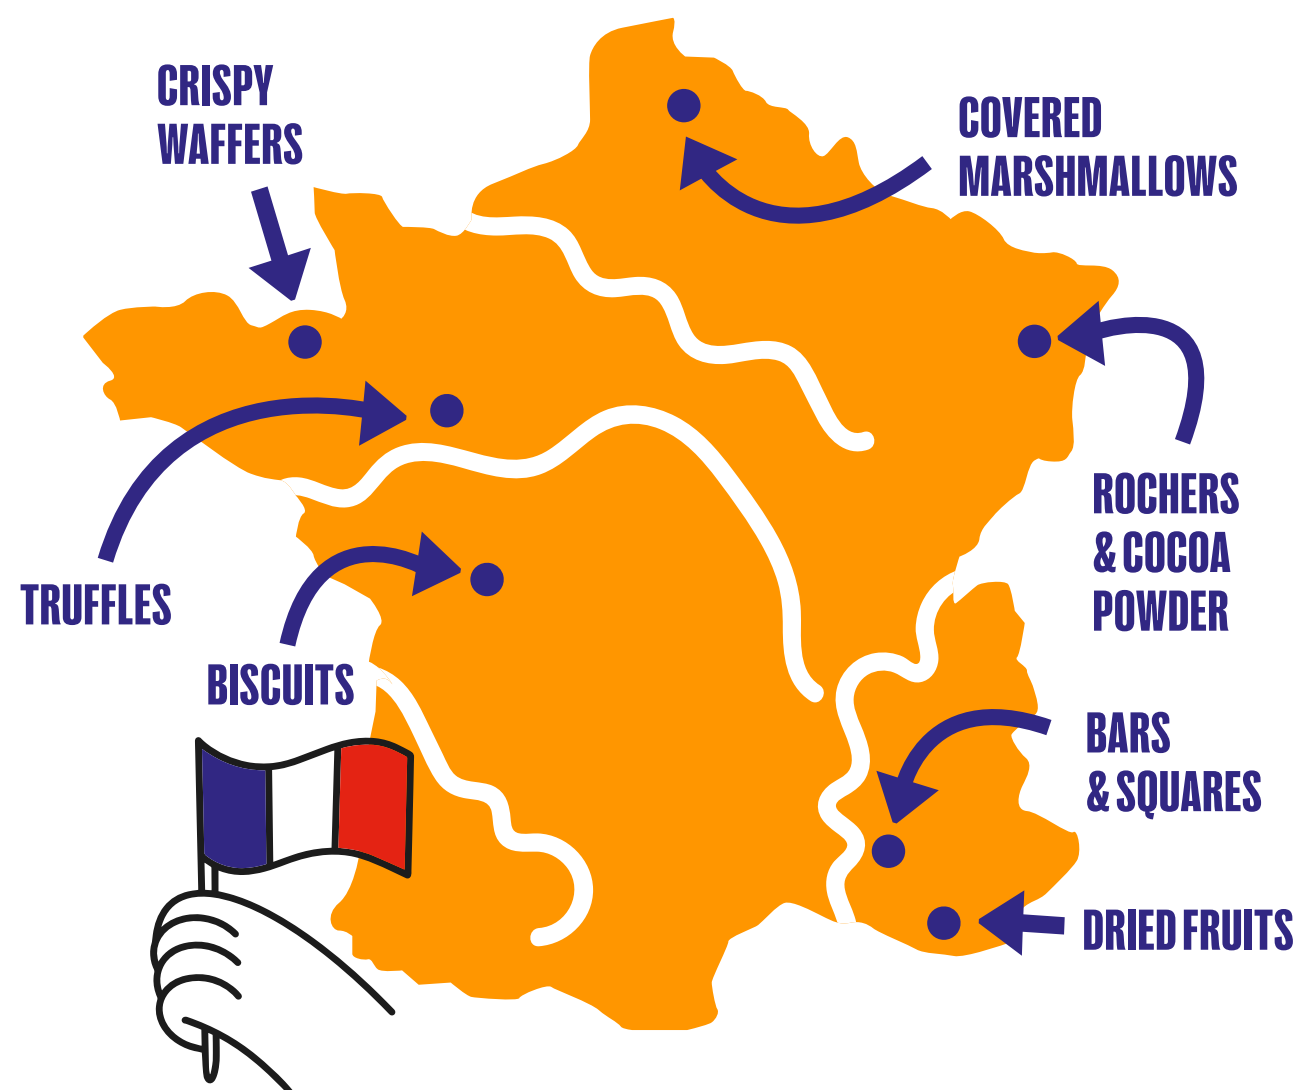

MADE IN FRANCE

GOURMET TREATS CRAFTED ALL ACROSS FRANCE

Proud of **French chocolate-making expertise**, we travel across the regions to select the **finest artisans** and create unique recipes together.

Chocolate bars in **Avignon**, praline rochers in **Strasbourg**, chocolate-coated dried fruits in **Marseille**, truffles near **Angers**... Our recipes are imagined with love in Paris, but it is in the **heart of France's regions** that they truly come to life.

OUR COMMITMENTS

80% OF OUR RANGE IS ORGANIC

Organic cocoa means cocoa grown through **agroforestry**, the association of trees, crops or animals on the same plot of land, creating a **virtuous ecosystem** that respects biodiversity.

SUPPORTING PROFESSIONAL INCLUSION

In **ESATs**, teams support **people with disabilities** who are unable to work in traditional environments by offering **adapted professional activities**. It is their skilled hands that carefully package our chocolates.

DONATIONS TO LES RESTOS DU CŒUR

In case of overstock, and before the best-before date, our chocolates are donated to the charity **Les Restos du Cœur**, our partner since the very beginning.

100% RECYCLABLE PACKAGING

We use a variety of materials for our packaging, all **fully recyclable**. Paper and cardboard from sustainably managed forests, aluminum and tinplate, as well as a small amount of PET, 100% recyclable in a closed-loop system.
